The image features a striking display of the aurora borealis, with bright green light curtains and bands dancing across a dark, starry night sky. The aurora's glow is reflected on a layer of clouds just above the horizon. Below the clouds, a dark silhouette of a forest or treeline is visible against the lighter ground. The foreground consists of a flat, snow-covered field, which appears as a pale, textured surface at the bottom of the frame. The overall scene is serene and awe-inspiring, capturing a natural phenomenon in a remote, winter setting.
