

Adolescence

KARINA STARODUBTSEVA

PS-22

«The young are heated by Nature as drunken men by wine». - Aristotle

What is Adolescence?

The state of growing up from childhood to manhood or womanhood...

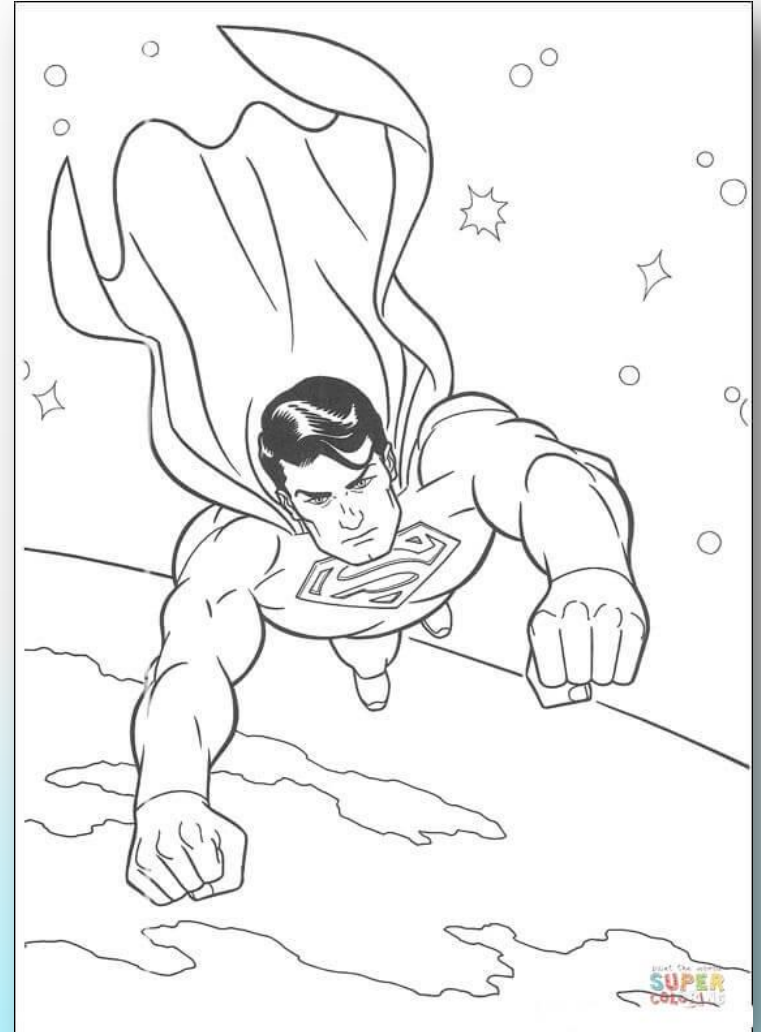

The period of life between puberty and maturity...

Random House Dictionary

VENTURESOMENESS

- *seek for new experience*
- *tend to be involved in risk*
- *deliberately seek difficulties in order to overcome them*

RESPONSIBILITY

- *a natural urge*
- *requires expression*
- *love responsibility*

RELATION TO LIFE

- *like to do the real things in life*
- *do the things that matter*
- *learn about things before doing them*
- *want to do things that they appreciate and want to learn more about them.*

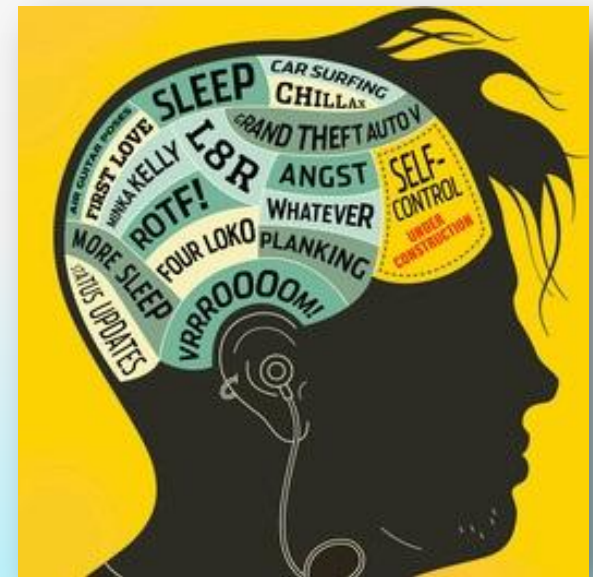

Relation to life

- ❖ serve apprenticeship in the actual accomplishments of life
- ❖ *see the practical problems before they set to work learning how to solve them*

THE BASIC PRINCIPLE

- to be engaged responsibly in the 'real' pursuits of life
- to learn how-to learn through responsibility, not to learn before responsibility
