Background
Valentine's Day
comes on the feast
of two different
Christian saints
named Valentine.

But the way that Valentine's Day is celebrated has nothing to do with the lives of the saints.

This celebration comes from an ancient Roman festival called "Lupercalia" which took place every February 15th.

This festival honored Juno, the Roman goddess of women and marriage, and Pan the god of nature. It was also believed that birds choose their mates on this date.

Valentine's Day is very popular in different countries.
