A detailed painting of a forest landscape. In the foreground, there are large, flat, grey rocks. A stream flows through the middle ground, reflecting the sky and trees. On the left, several birch trees with white bark and dark lenticels stand prominently. In the background, there are more trees, including some evergreens, and a hazy, distant landscape. The overall atmosphere is serene and naturalistic.

A landscape painting depicting a river in spring. The foreground is dominated by a wide, shallow river with large, irregular chunks of melting ice. The water is a pale, milky green, reflecting the sky and the surrounding trees. The middle ground shows a dense forest of tall, slender birches with light-colored bark and bare, brown branches. Interspersed among the birches are several tall, dark green pine trees. The background is a clear blue sky with a few wispy white clouds. The overall atmosphere is bright and fresh, capturing the transition from winter to spring.
