ДИКТАНТ
**«Живи,
ВОРОБЕЙ!»**

Артём Сапегин, 2007

Сделай

другого немного счастливее - и станешь счастливее сам!

Максим Черный

A dark, atmospheric photograph of a road or railway track receding into the distance. A bright, hazy light source, possibly the sun or moon, is positioned in the upper center, creating a strong glow and lens flare. On the left side, several utility poles with cross-arms are visible, receding into the distance. The overall scene is misty and somber, with a high-contrast, monochromatic aesthetic.

Диктант «Лужа»

A photograph of a forest path. The path is covered in a thick layer of bright green moss and patches of grass. The path leads through a dense forest of tall, thin evergreen trees. Sunlight filters through the trees, creating dappled light on the ground. The overall scene is lush and green.
