

**Кто твой любимый
сказочный герой?**

A topographic map of Russia and surrounding regions, including parts of Europe, Asia, and the Arctic. The map uses color to represent elevation, with greens and yellows for lower elevations and browns and oranges for higher elevations. Major rivers and lakes are shown in blue. The word 'Россия' is overlaid in large, bold, red Cyrillic letters across the center of the map.

Россия

A topographic map of Eurasia showing the geographical relationship between Russia and its major neighbors. The map uses color gradients to represent elevation, with green for lowlands and brown for highlands. Major bodies of water like the Arctic Ocean, North Atlantic, Indian Ocean, and the Mediterranean/Black Sea region are visible. A grid of latitude and longitude lines is overlaid on the map.

Россия

Китай

Турция

Индия

Москва

A topographic map of Europe and Asia, showing terrain elevation with a color scale from green (low) to brown (high). The map includes a grid of latitude and longitude lines. The word 'Москва' is written in large, bold, red Cyrillic letters across the central part of the map, specifically over the Eastern European region.

**Москва –
всем городам мать.**

A topographic map of Europe and Asia, showing terrain elevation with a color scale from green (low) to brown (high). Major rivers and lakes are visible. The map includes a grid of latitude and longitude lines. Two city names are overlaid on the map: 'Москва' in orange and 'Санкт-Петербург' in red.

Москва
Санкт-Петербург

Город Волгоград. Это большой город на реке Волге. Там есть Мамаев Курган.

Город Североморск – столица Северного Флота.

Великий Устюг
располагается от Вологды на
левом берегу реки Сухоны.

Города золотого кольца

A topographic map of Russia and surrounding regions, including parts of Europe, Asia, and the Arctic. The map uses color to represent elevation, with greens for lower elevations and browns for higher elevations. Major cities are labeled in red text. The map also shows a grid of latitude and longitude lines.
