The image shows a colorful illustration of a brick building's entrance. The building has a light pink brick pattern. There are five windows in total, arranged in two rows: three on the top row and two on the bottom row. Each window is divided into four panes and has a light blue tint. The entrance is centered and features a pink sign with the Russian text "ДЕТСКИЙ САД" (Kindergarten) in yellow, bold, stylized letters. Below the sign is a set of double doors with a yellow sunburst design on each door. The doors are framed in pink and have curved handles. The entrance is flanked by two white flower pots containing yellow and orange flowers. The ground in front of the building is a light blue-grey color.
