The image shows a matching exercise. The top row contains five Cyrillic letters: 'п', 'с', 'о', 'а', and 'к', each inside a white circle. The bottom row contains five Cyrillic letters: 'с', 'о', 'п', 'к', and 'а', each inside a white square. Black lines connect the letters between the two rows, forming a jumbled path that crosses itself multiple times, indicating a non-linear matching process.

МОЛОДЦЫ!
