

Лунная дорожка

Полет на Сатурн

Загадки

The background features a vibrant blue wavy border. On the left, there is a purple planet with craters and a silver telescope on a tripod. At the bottom center, a brown planet with craters and a ring system is shown. On the right, a red and blue UFO is depicted. Several yellow stars of varying sizes are scattered throughout the scene.

**Сверкая огромным хвостом в темноте,
Несется среди ярких звезд в пустоте,
Она не звезда, не планета,
Загадка Вселенной...**

The background is a vibrant blue space scene. At the top, a thick blue wavy line arches across the frame. Several bright yellow stars of various sizes are scattered throughout. On the left, a purple planet with white spots is partially visible. In the bottom left, a silver telescope on a tripod is pointed towards the center. At the bottom center, a brown planet with white spots and a ring system is shown. On the right, a red and blue UFO is flying. In the top right corner, a red and green rocket is launching. The text is centered in a bold, black, sans-serif font.

**Самый первый в Космосе
Летел с огромной скоростью
Отважный русский парень
Наш космонавт ...**

**Посчитать совсем не просто
★ Ночью в темном небе звезды.
Знает все наперечет
Звезды в небе ...**

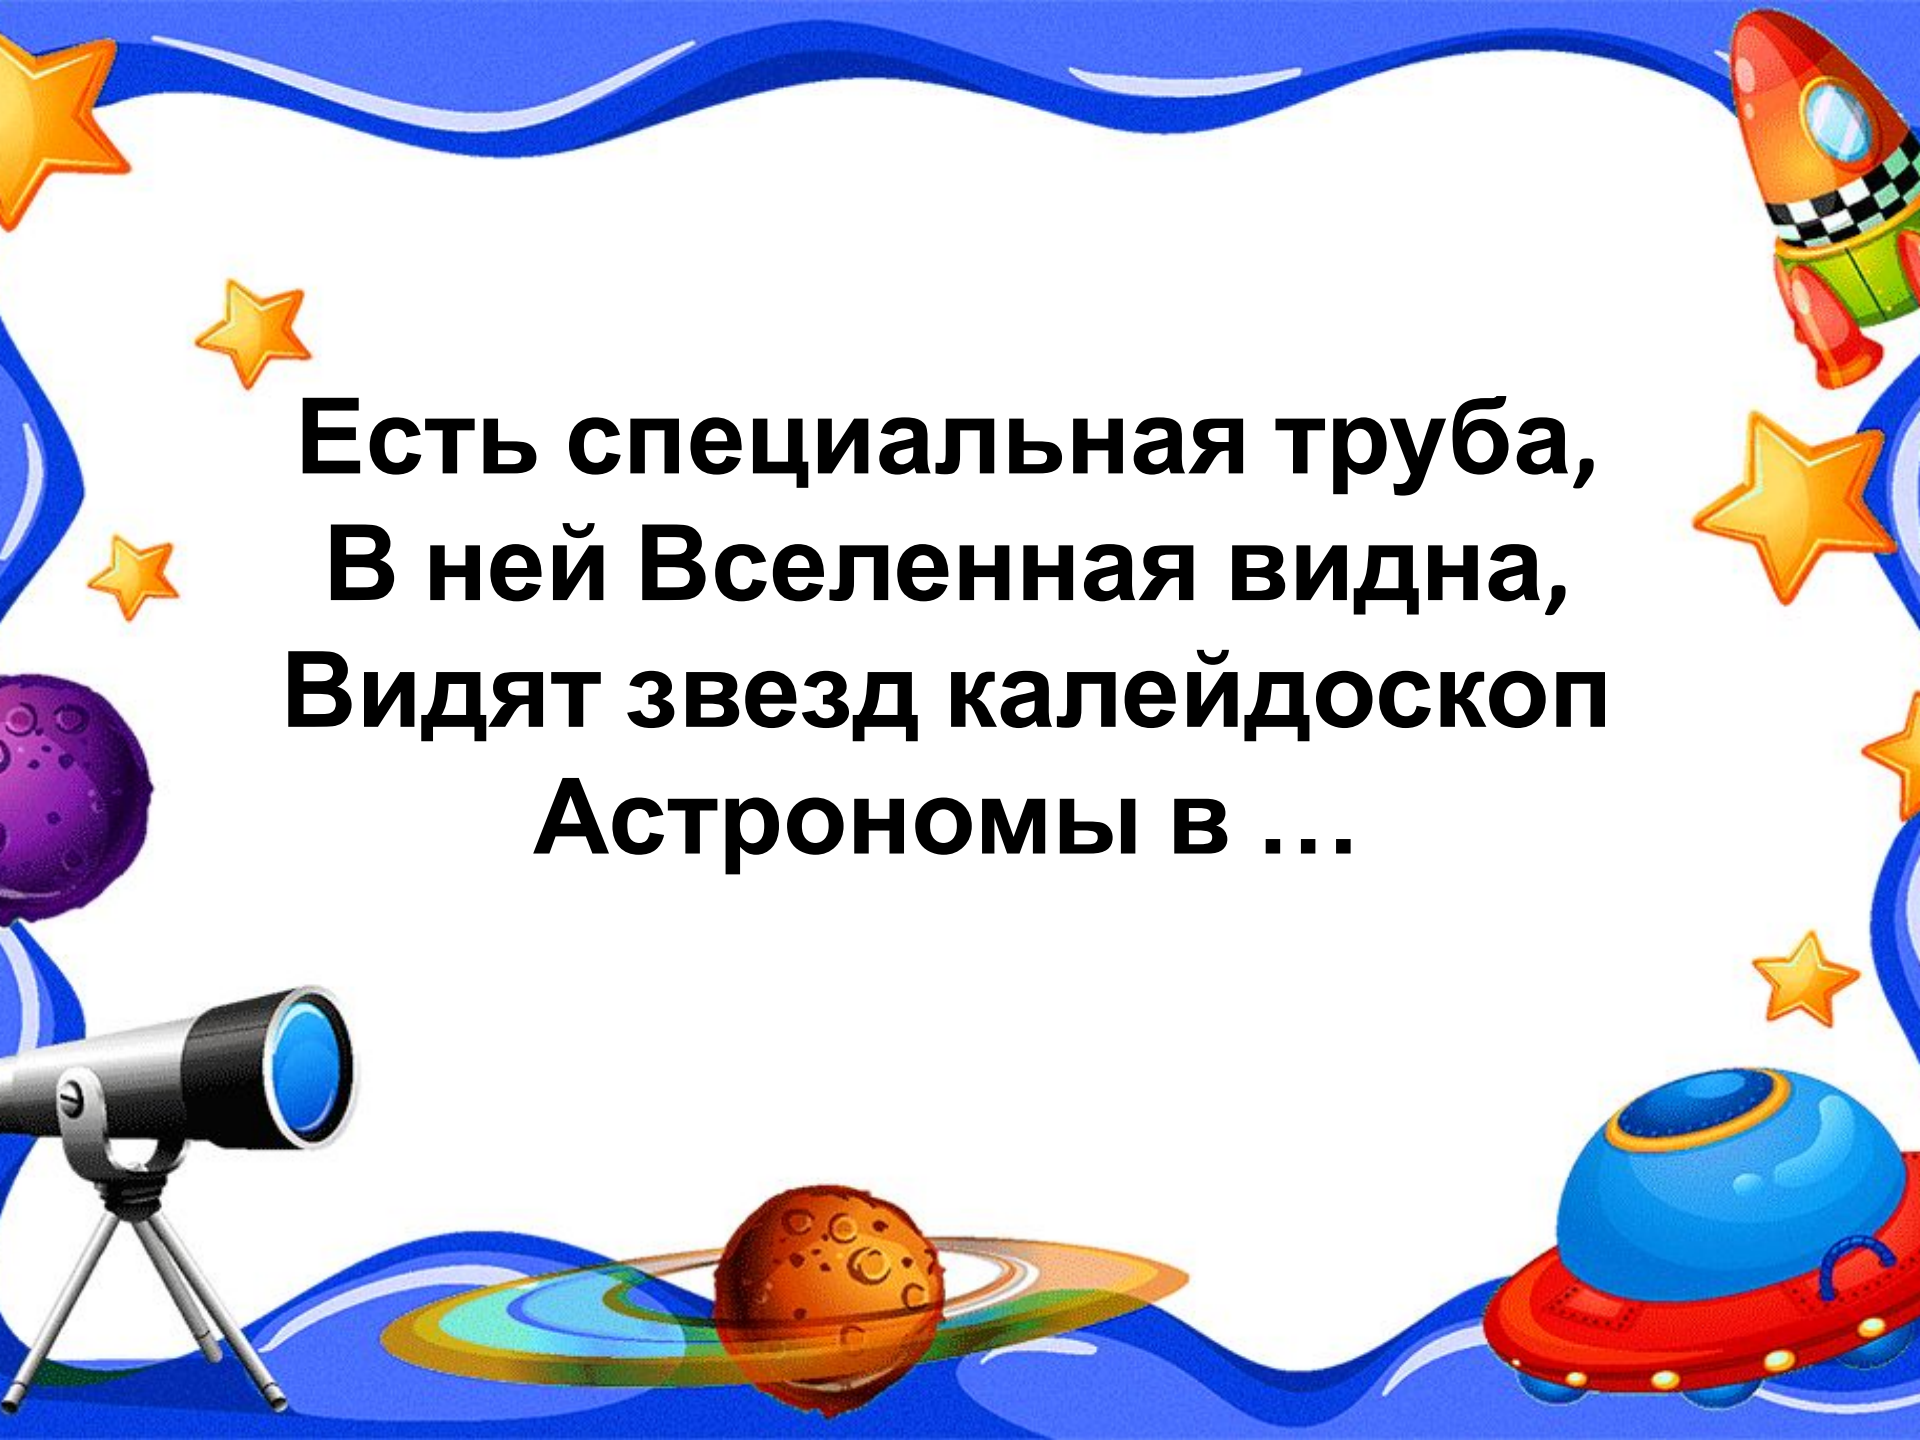

**Планета голубая,
Любимая, родная,
Она твоя, она моя,
А называется...**

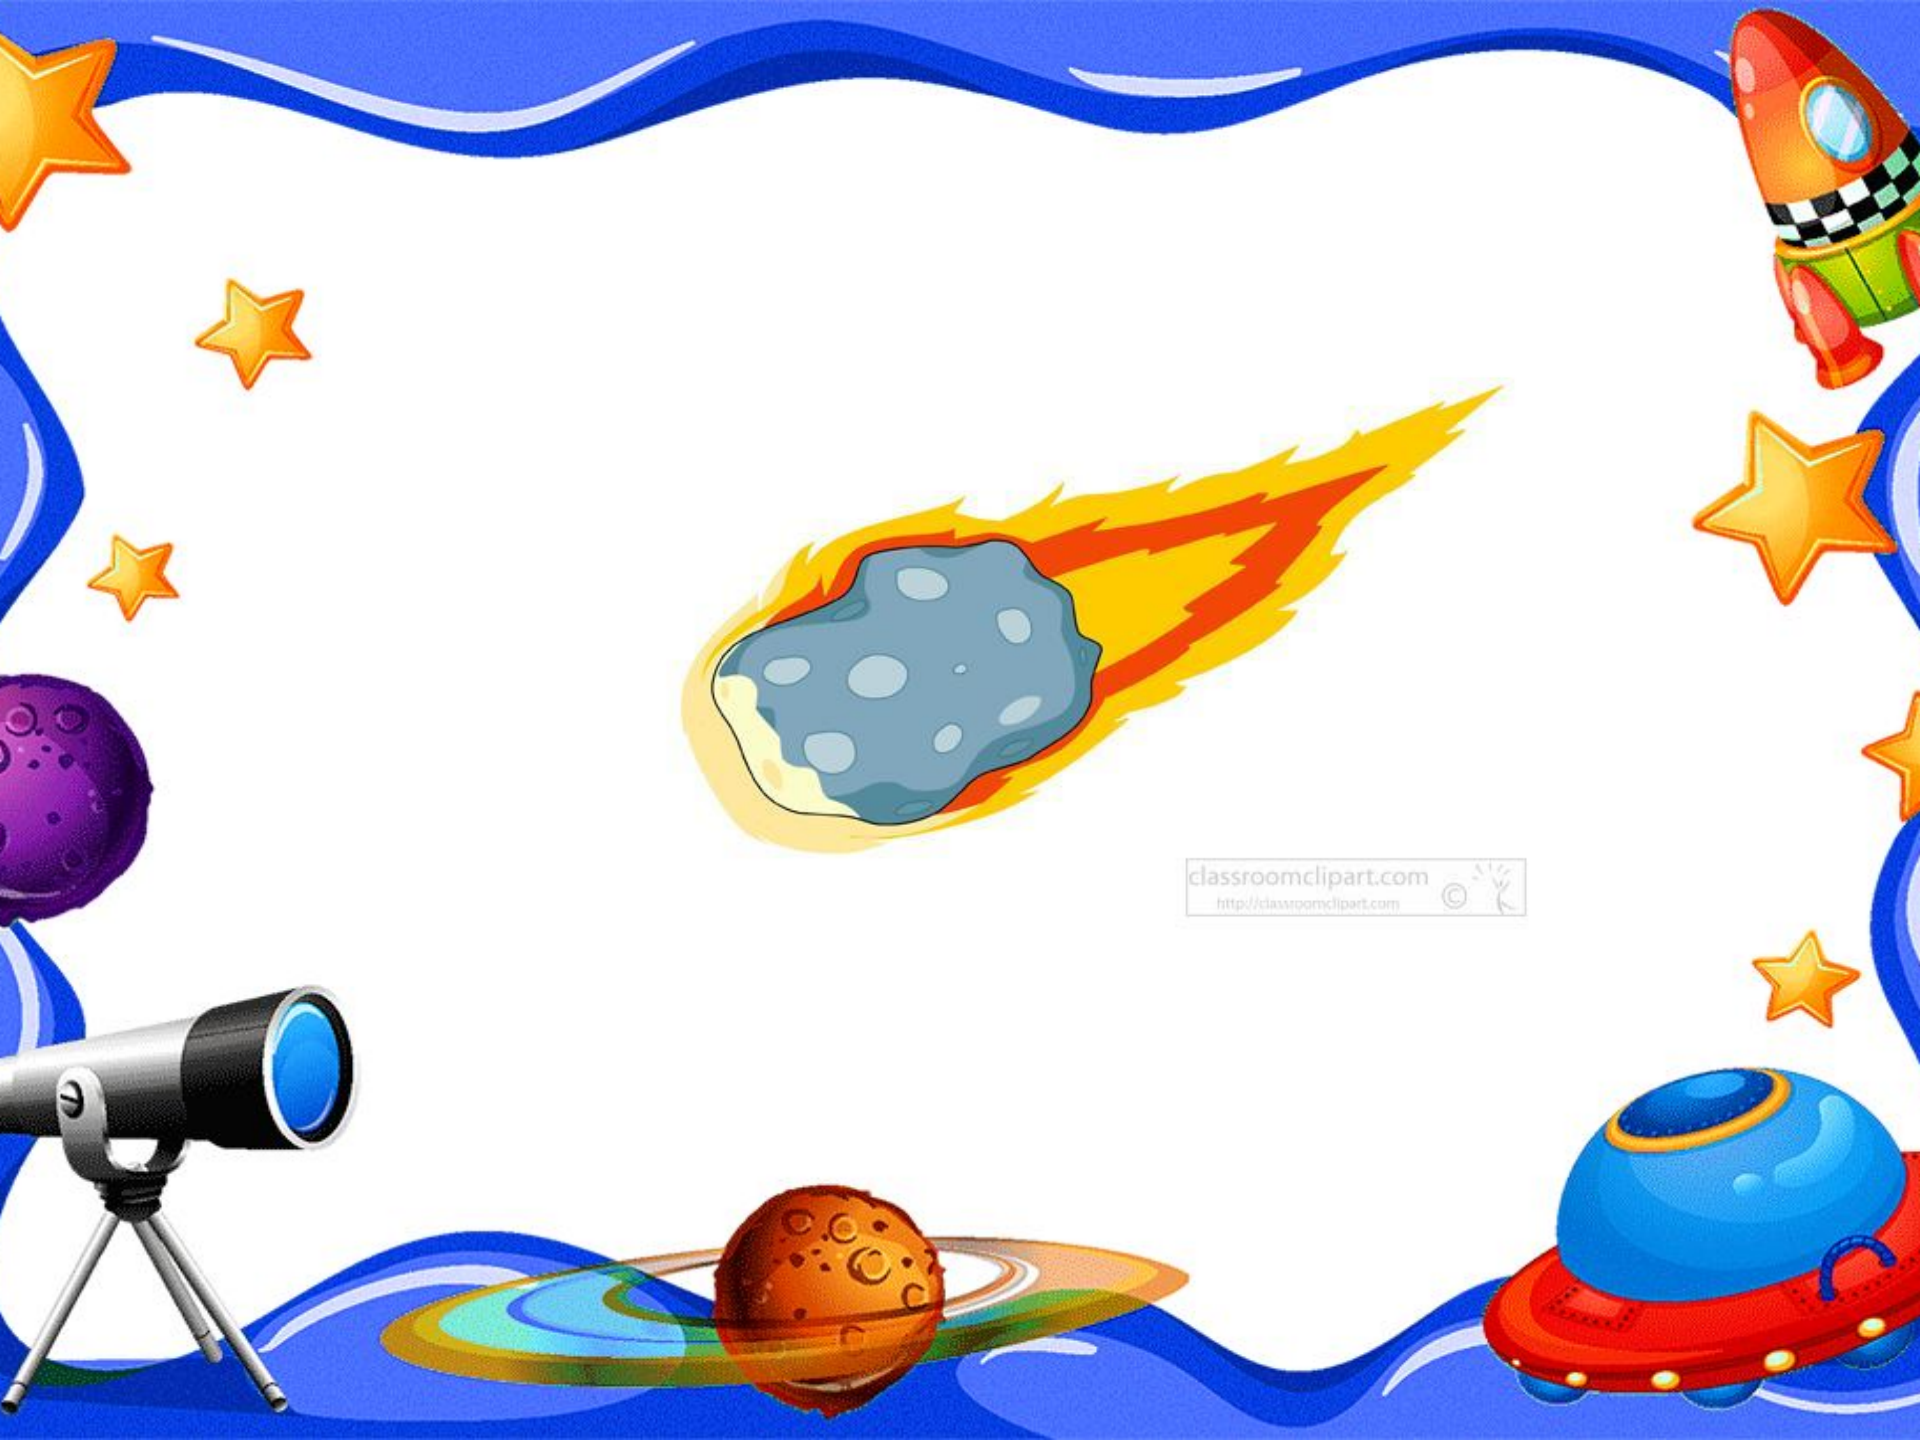

**Есть специальная труба,
В ней Вселенная видна,
Видят звезд калейдоскоп
Астрономы в ...**

The background is a vibrant blue space scene. At the top, a thick blue wavy line borders the page. Several bright yellow stars of various sizes are scattered across the white background. On the right side, a red and orange rocket with a black and white checkered band is flying upwards. In the bottom right corner, a blue and red UFO is shown. In the bottom center, a brown planet with a ring system is depicted. On the left side, a purple planet with craters is visible, and a silver telescope on a tripod is positioned in the bottom left corner.

**Осколок от планеты
Средь звезд несется где-то.
Он много лет летит-летит,
Космический ...**
