## ***3 ways of development:***

- We don't enter in big retail stores:
  - but in this case it will be **difficult to gain \$20 mln.** sales.
- To reach \$15 mln sales we enter in big retail stores:
  - but we should **increase** budget for **promotion** and **retail expenses** (expansion to all Moscow and regional retailers).
- We enter in big retail stores:
  - but we will **get less revenues** (less than \$15 mln)
  - We also **exceed our budget**.

# 1st year - Website

**Website** is a constant reflection of the continued support and all company's promotion efforts

The **main drawback of our competitors** is the weak involvement of customers in the life of the product

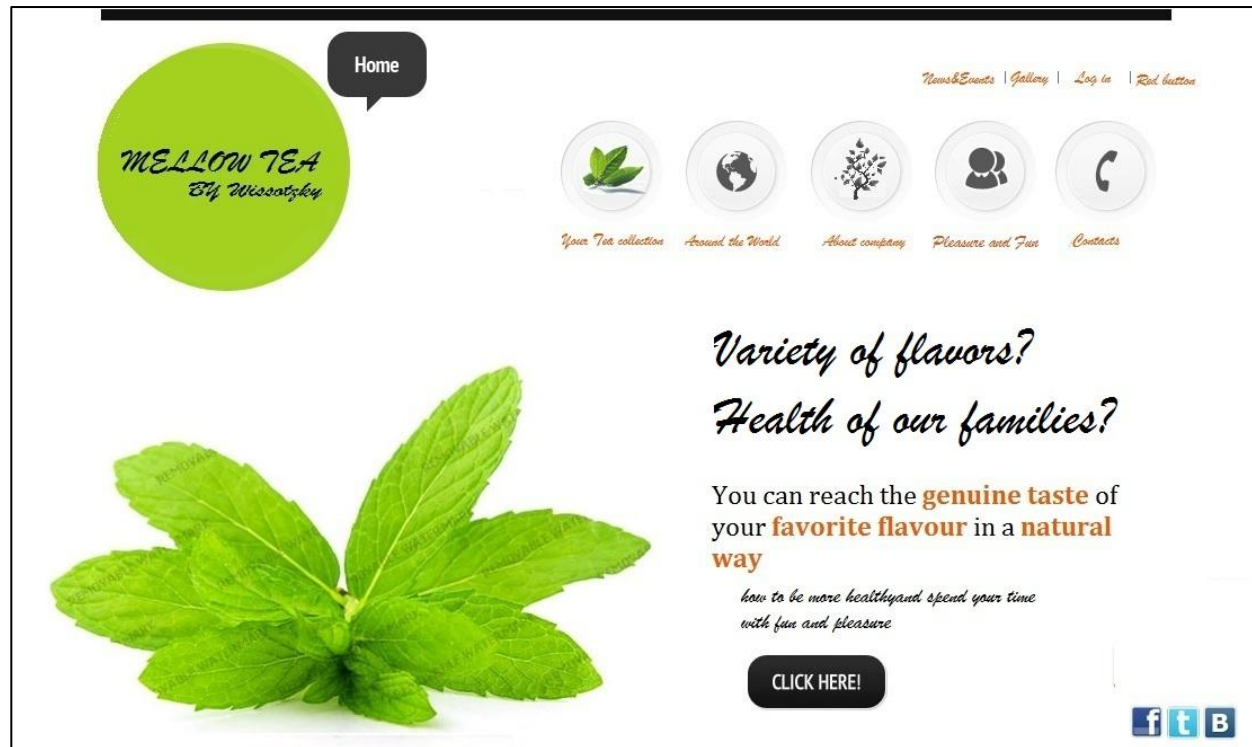

**Multiple purposes:**

- **1)** to provide good information about product
- **2)** try to involve consumers in our product life circle

# 1st year - Website

**Fresh pure virgin colors: white & green (as our packaging design did)**

**Contrast of colors are easy to remember**

**Images in a minimalist style (pictures of fruits, trees, tea leaves, mint)**

# ***2nd and 3rd years - preheating***

To heat target audience and to earn some **free PR**

Start in **January** and last only **2 weeks**, otherwise people may be bored and annoyed by teasers

Methods:

## **1. flash mob** (special agency, 30 people)

- “Nothing unnecessary. Just tea. <http://www.mellowtea.ru>”

## **3. Viral video**

- make people want to go to our website <http://www.mellowtea.ru>
- demonstrate the quality of our tea (all characters and scenery will be made from it), connect the idea of summer/nature and Mellow tea brand

# ***2nd and 3rd years – social media***
