CEO'S Message

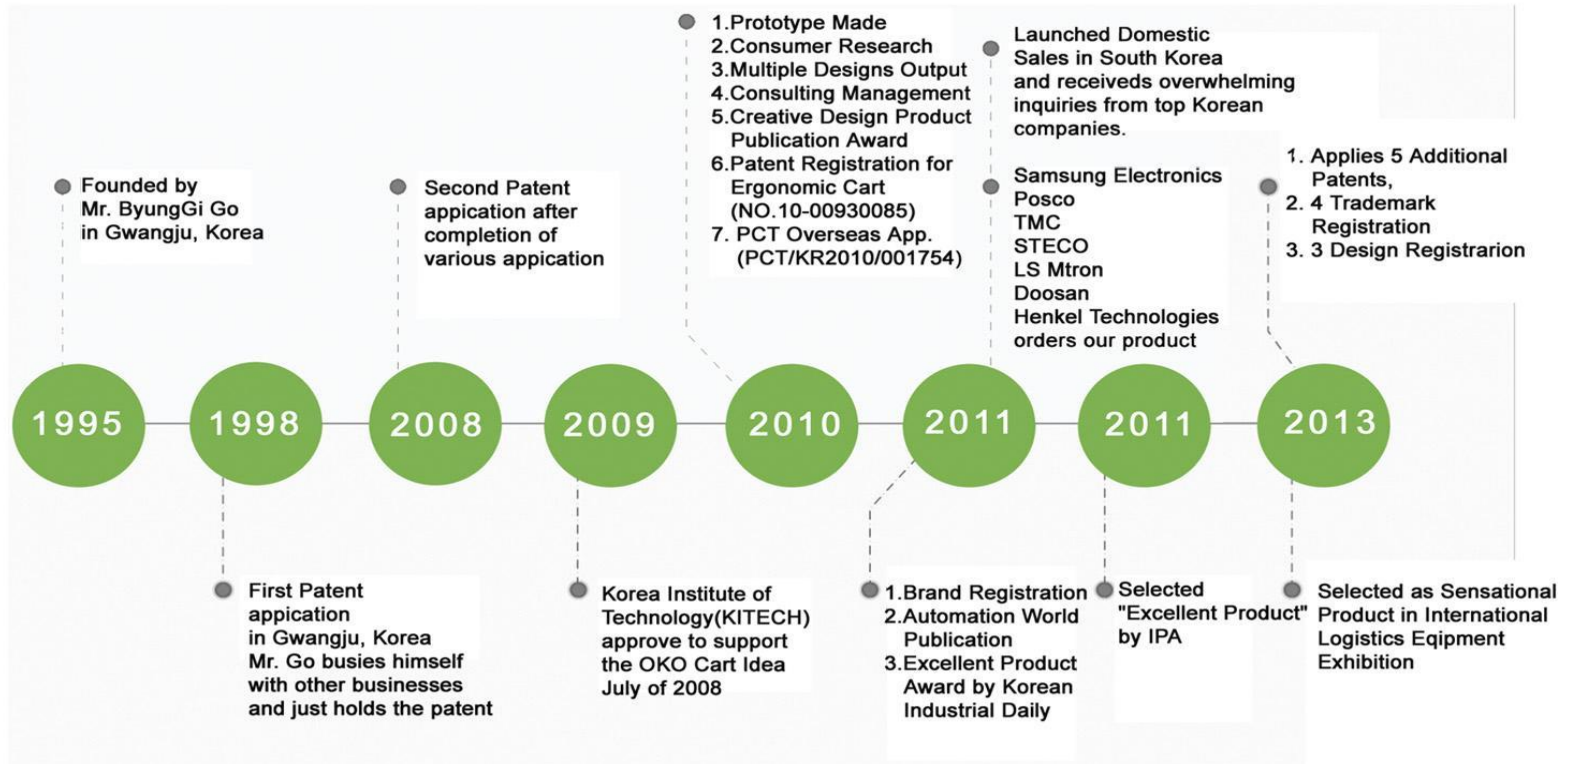

“Because our effort matters”

- SINHWA is firmly positioned as the leading ergonomic material handling equipment provider in more than 8 overseas countries as well as Korea, thanks to our technological superiority and customer's enthusiastic support. We have achieved this spectacular success by continually devoting ourselves to researching new technologies and developing diverse products with our company vision, "A World-class Leader in injury free workplace", in our hearts.
- We still move forward by investing more on our R&D and human resources and giving more customized service to our business partners and customers.
We have established our state of the art manufacturing facility and have recruited new technicians to launch better quality products to market faster than any other company.
- Our goal is to upgrade our customer service to a higher level by implementing the stable supply of highly quality products and efficient work process. Good partnerships have always been central to our success. Our partners have helped make us who we are today, and we continue to seek out the best-in-class to support our growth for today, tomorrow, and into the future.

History

SINHWA-OKO has had many trials in developing ergonomic material handing equipment for past 30 years
But we will continue to strive on to make the best
"Because our effort matters"

Corporate Data

- Since the establishment in 1995 with the slogan, “Because our effort matters,” SINHWA-OKO has enjoyed continual growth and received great recognition as one of the leading quality oriented manufacturer in ergonomic material handling equipment. Because of superior quality of products and customized services, SINHWA-OKO has set up new manufacturing facility to meet the growing demands of our old and new business partners even better.
- With passion and efforts true to our vision, SINHWA-OKO will intensify our determination to bring you the best products so you can be proud of the relationship you have with us.
- We realize that the most important asset is our business partners, who are the real integral elements to our success. Our valued expertise and strong zeal to provide the finest products and services to you, our respected customers will give SINHWA-OKO the right competitive advantage necessary to achieve our goals.
- We sincerely hope you can join us and make SINHWA-OKO as your partner so we can move to a successful place with you.

Sales and Marketing

Our local and overseas sales teams are at the forefront of exploring new products to make the workplace safety our top priority which ultimately, the company attractiveness is derived

- The main task of our business is to satisfy our customers and provide with the highest quality products. Our sincerity on supplying customized services and quality products have our business partners command excellent turnovers and recognition in their market.
- In order to enhance OKO Cart as a world class manufacturer, our staffs in marketing team keep on contriving various kinds of marketing strategy to meet the demands of our customers.
- We are confident that our products are better than any of our competitors, and our satisfied customers are the very reason that make us the best in the market.

BACK INJURY FACTS

U.S. Department of Labor

Fact Sheet No. OSHA 89-09

BACK INJURIES -- NATION'S #1 WORKPLACE SAFETY PROBLEM

The National Institute for Occupational Safety and Health (NIOSH)

Back injuries account for nearly 20% of all injuries and illnesses in the workplace and cost the nation an estimated 20 to 50 billion dollars per year

U.S. Department of Labor

U.S. Bureau of Labor Statistics

Workers who sustained injuries or illnesses as the result of overexertion in lifting or lowering required a median of 23 days away from work-- nearly 3 times as many days for all types of injuries

Harvard Business School

Workplace safety is the basis from which productivity, retention, quality of output, employee engagement and ultimately, employer attractiveness is derived
