My village

My village is Moskvina. It is in Kudymkar district, Perm region, Russia. It is not big village. It is small. There are few people there. My village is in a beautiful place. There are nice forests, fields, rivers, lakes near my village. There is a wonderful nature here. I like my village very much.

I love my village

There are beautiful places in my village

There's a monument

There're rivers and lakes

There're forests

There're fields

I want to save my village

There are some ecological problems in my village: 1. Rubbish in the streets

2. Rubbish in the rivers and lakes

3. Rubbish in the forests

4. Rubbish in the fields

5. Air pollution

6. Tree-cutting and etc.

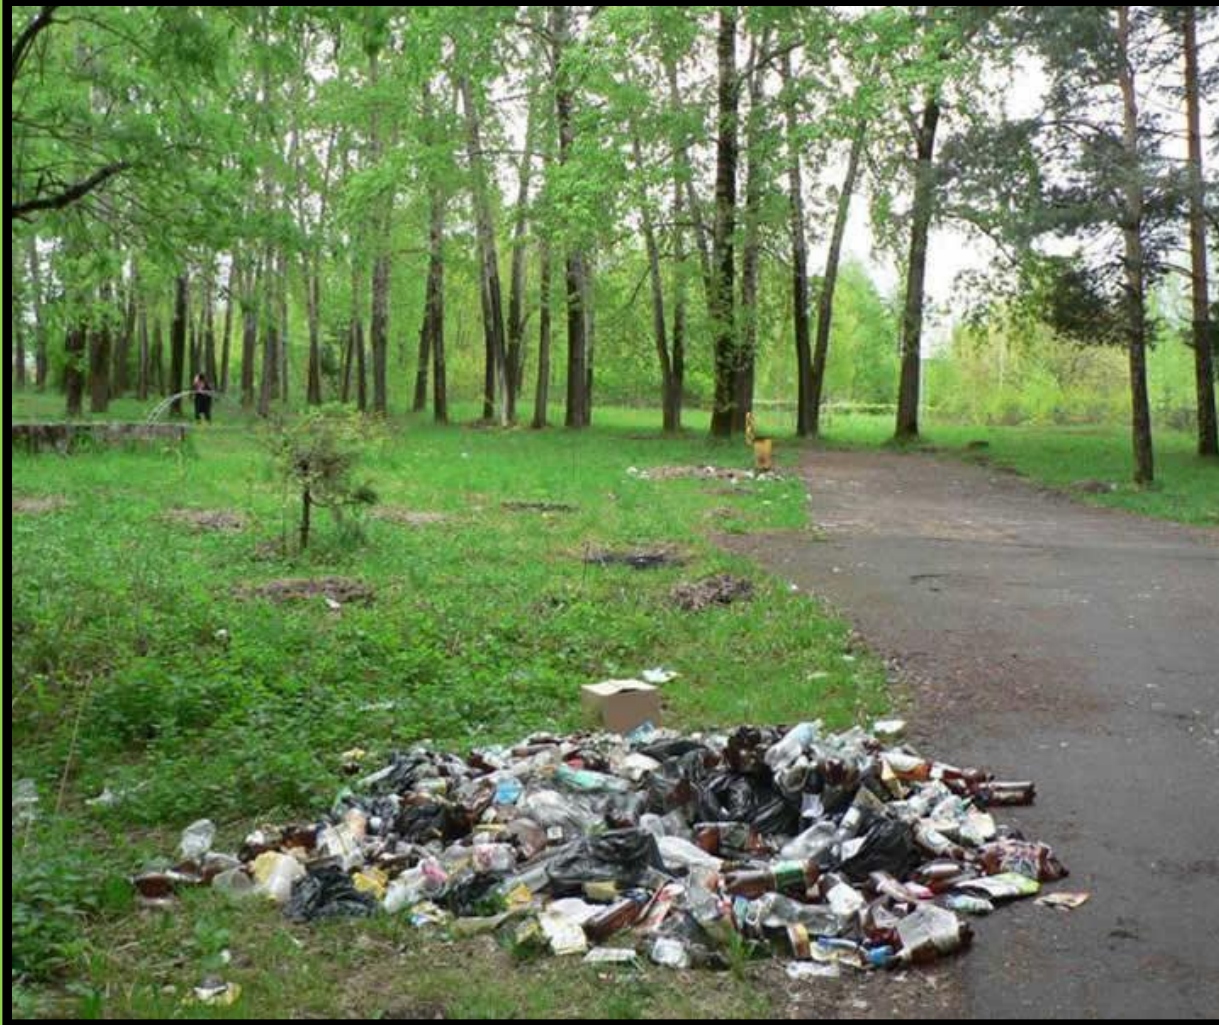

There's rubbish in the streets

There's rubbish in the rivers and lakes

There's rubbish in the forests

There's rubbish in the fields

There's air pollution

There's tree-cutting

How can I save my village?

1. Don't throw rubbish in the street
2. Don't throw rubbish in the rivers and lakes
3. Don't throw rubbish in the forests
4. Don't throw rubbish in the fields
5. Don't pollute Air
6. Don't cut trees
7. I can speak with our people about ecological problems
8. I can draw and write posters about these problems

My poster

Save the Earth
