**2-75 cm**

An illustration of a large, dark shark swimming in a turbulent, grey sea. The shark is positioned diagonally from the top left towards the center. Its mouth is open, showing sharp teeth. Three salmon are also depicted: one in the upper right, one in the lower right, and one partially visible in the lower left. The water is dark and swirling, suggesting a storm or a fast current. The overall tone is dramatic and somewhat somber.

# ЗЕУГЛОДОН

An illustration of a long-necked dinosaur, possibly a sauropod, in a landscape. The dinosaur is dark brown and has a very long neck that is curved upwards and then back down. It is standing on a green field with a blue sky and a body of water in the background. The word "мезозавр" is written in blue, stylized Cyrillic letters across the middle of the image.

A group of long-necked dinosaurs, possibly sauropods, are shown in a prehistoric landscape. One dinosaur is in the foreground, looking towards the left. Two other dinosaurs are visible in the background, one slightly behind and to the right of the first, and another further back and to the right. The background is a hazy, sunlit landscape with a bright light source on the right side, creating a warm, golden glow. The ground appears to be a mix of dirt and sparse vegetation.

An illustration of a fossil hominid, Dryopithecus, standing in a naturalistic setting. The creature has dark brown, shaggy fur and a prominent brow ridge. It is shown in a slightly hunched, bipedal-like stance, with its right arm extended forward. The background features a large, textured rock formation and a bright, circular light source, possibly the sun or moon, in the upper left corner.
