An illustration of a large shark, likely a Greenland shark, swimming in a deep-sea environment. The shark is shown in profile, moving towards the right. The water is dark and filled with various marine life, including smaller sharks and bioluminescent organisms. The overall scene is dimly lit, with some light reflecting off the shark's body and the surrounding water.

ЗЕУГЛОДОН

An illustration of a long-necked dinosaur, possibly a sauropod, in a landscape. The dinosaur is dark brown and has a very long neck that is curved upwards and then back down. It is standing on a green field with a blue sky and a body of water in the background. The word "мезозавр" is written in blue, stylized Cyrillic letters across the middle of the image.

A group of long-necked dinosaurs, possibly sauropods, are shown in a prehistoric landscape. One dinosaur is in the foreground, looking towards the left. Two other dinosaurs are visible in the background, one slightly behind and to the right of the first, and another further back and to the right. The ground is rocky and uneven. The sky is a hazy, light brown color, suggesting a misty or overcast day. The overall scene is a reconstruction of a prehistoric environment.

An illustration of a fossil hominid, Dryopithecus, standing in a naturalistic setting. The creature has dark brown, shaggy fur and a prominent brow ridge. It is shown in a slightly hunched posture, with its right arm extended forward. The background features a large, yellowish-orange sphere, possibly a sun or moon, and a rocky, greenish landscape.
