## About the company

National Company “KazMunayGas” (KMG) is the Kazakhstan operator for exploration, production, refining and transportation of hydrocarbons, representing the state interests in the oil and gas industry of Kazakhstan. Joint Stock Company “National Company “KazMunayGas” was established by way of merger of “Kazakhoil” National Oil and Gas Company and “Oil and Gas Transportation” National Company pursuant to the Decree of the President of the Republic of Kazakhstan as of February 20, 2002. 90% of KMG shares are owned by Samruk Kazyna National Welfare Fund JSC. 10% of KMG shares are owned by the National Bank of the Republic of Kazakhstan. National Company “KazMunayGas” is a vertically integrated oil and gas company performing a full production cycle from exploration and production of hydrocarbons, their transportation and refining to provision of customized services.

KMG sets a goal to ensure maximum benefits for the Republic of Kazakhstan from participation in developing the national oil and gas industry.

The KMG group of companies includes 220 companies. KazMunayGas occupies over a quarter of the Kazakhstan market on production of oil and gas condensate as well as a dominant position in oil refining, pipeline transportation of oil and natural gas in the country.

## Structure of “KazMunayGas” NC JSC subsidiaries as of 01.07.2015

## Company Strategy

In implementing the Development Strategy JSC NC KazMunayGas adheres to shareholders goals: to increase the long-term value of the Company's assets and assist in the modernization and diversification of the Kazakhstani economy.

Mission: To ensure maximum benefits for Kazakhstan from the Company's participation in development of the national oil & gas industry:

- to increase the Company's long-term value and profitability, and ensure industrial safety;
- to become a highly competitive vertically integrated oil & gas company on the international market;
- to conduct socially responsible business, support domestic suppliers of goods and services, assist in the development of local personnel.

Vision: KMG is a highly effective and competitive vertically integrated oil & gas company. The Company meets the highest standards of industrial safety.

Ambitions: To become among the top 30 largest oil & gas companies in the world based on liquid hydrocarbon reserves (oil and condensate) and oil production volume.

The Company will strive to achieve sustainable development and increase its efficiency in the following strategic areas:

- Exploration and Production;
- Oil Transportation;
- Oil Refining and Oil Products Marketing;
- Gas Transportation and Marketing;
- Oil and Gas Service Sector;
- Management System.

The following 15 strategic goals have been identified in the KMG core business areas which will allow the Company to become among the top thirty largest oil & gas companies in the world by 2022:

- Increase of the Proven Recoverable Reserves of Liquid Hydrocarbons (Oil and Gas Condensate);
- Increase of Oil and Gas Production;
- Ensuring Stability of Oil Transportation;
- Increase of Oil Refining;
- Refining Upgrade at Kazakhstan's Petrochemical Plants;
- Increase of the Share of Petrochemical Products in the Market;
- Increase of Gas Transportation;
- Increase of the Share of Gas Sold on the Domestic Market;
- Increase of ROACE;
- Increase of EBITDA;
- Decrease of the Debt / EBITDA Coefficient;
- Improvement of Corporate Governance;
- Increase of Labor Productivity;
- Increase of the Share of Local Content in the Total Amount of Services and Goods Purchased;
- Increase of the Level of Innovative and Technological Development.

## Risk management system

Risk management is part and parcel of the operations of JSC NC "KazMunayGas" (KMG) and is aimed to identify, assess and monitor all material risks, and to take measures for reducing the level of the risks that may negatively impact the value and reputation of KMG, and its group of companies.

The company carries out continuous improvement of the Company's enterprise risk management system, including actualization of the regulatory documents in the sphere of risk management for ensuring their alignment with the Company's objectives and range of activity, new regulatory requirements, and recoding the accumulated experience and best practices in risk management.

Policy on Corporate Risk Management System of "NC "KazMunayGas" JSC and its Subsidiary and Dependent Organizations approved by Resolution of the Board of "NC "KazMunayGas" JSC dated «26» August 2014 (hereinafter - the Policy), determines the goals, objectives and basic principles of risk management and the functions of the participants of the enterprise risk management system.

The Company's Risk Management Policy shall be based on the following principles:

- The unity of the methodological framework: Corporate Risk Management System (hereinafter – CRMS) processes shall be implemented on the basis of common approaches and standards for all the structural units of the Company.
- Continuity: CRMS shall operate on a continuous basis.
- Integrity: CRMS shall apply to all the Company's activities and all types of emerging risks. Control procedures function in all the Company's business process at all levels of management.
- Accountability: the organizational structure of the CRMS shall define the competence in decision-making and control in risk management at all levels of the Company's management.
- Information content and timeliness of communication: the risk management process is accompanied by fact-based, reliable and latest information.
- Rationality: the Company shall rationally use the resources for the implementation of risk management activities.
- Reasonable assurance: the CRMS may only provide reasonable assurance of achieving the Company's goals, but it cannot absolutely guarantee this due to the limitations of internal environment.
- Adaptability: the CRMS shall be regularly updated to ensure identification of all possible risks and the effective use of risk control and management methods.
- Precise regulation: all operations shall be conducted in accordance with the order of their implementation established by the internal normative documents.
- Active participation of the management: the management of KMG and SDOs shall be actively involved in and support implementation and improvement of the risk management system in KMG and SDOs.
- Policy determines relationship of the risk management process with strategic planning and operational activities, budgeting and motivation

Managing director for economics and finance

Kassymbek A. M.

# Balance Sheet method

Net assets=Total assets-Total liabilities

$$\begin{aligned} \text{Net assets(Company value)} &= 11\,122 \\ 820\,243 - (1\,005\,183\,985 + 4\,040\,140 \\ 163) &= 6\,077\,496\,095 \end{aligned}$$

# Income Statement

## CONSOLIDATED INCOME STATEMENT

Form No. 2

For the nine months ended September 30, 2015

Title	Notes	For the current period	For the previous period

# Income statement method

- Company value = net income \* price earning ratio
- Price earning ratio = Price per share / earning per share
- Earning per share = Net income / number of common share
- **Earning per share =  $209\,940\,852 / 849\,559\,596 = 0,25$**
- **Price earning ratio =  $8,8021 / 0,25 = 35,2084$**
- **Company value =  $209\,940\,852 * 35,2084 = 7\,391\,681\,494$**
