

CAFÉ FOR CHILDREN

As an example of a café for kids we've made some research though the internet and found out than in Kharkov there is plenty of suck establishments. Recalling reviews of people who had already used services of such restaurants we've chosen complex for children "Limpopo" as the most suitable example. The complex combines café for children and Early Childhood Development Center.

ABOUT CAFÉ

Café Limpopo is an individual café of a closed type. It means that café works by reservation and adopted only to YOUR holiday, other customers will not be allowed during your child's event.

Organizers pay attention not only to birthday boy or girl but also to his or her friends. As well organizers provide high quality of event. The program is created concerning age of children, their wishes, tastes and interests.

DESIGN

Design is concentrated on bright colors, looking at the walls, you may see that they are covered with cartoon characters on a certain theme, for example café in Saltovka one part of the room has underwater style, while another one has paintings with fairytale landscapes. The room is divided into several parts, such as eating zone for children, eating zone for adults, bar zone, playground, dance floor and zone with seats and tables for hand making.

Exterior also has an unusually designed playground and entrance

Café is located on avenue so it is not difficult to find it. There is no separate parking ground, but you may find free place to park near the building
