

Dear friends)))

**I Hurry to share the impressions about
the first read books in English
language!!!**

**This story of the author of Stephen
Colbourn about «The lost ship».**

I want to share the impressions!

For an instant I appeared by this ship with all his heroes. The protagonist - the captain

and

his team with men
of a vessel.

They floated between Cuba and
Florida home.

And suddenly they got to the
Bermuda Triangle also see the

strange ship!!!

**Very interestingly events develop
on to the deck of the lost ship.**

That with them happened...?

**You can learn, only when will read
this fantastic story.**

Yours faithfully, Ulyana.
