

***Friends for life.***

A cinematic still from the TV series Game of Thrones. In the foreground, John Snow is shown in profile, looking towards the right. He has dark, wavy hair and is wearing a heavy, dark fur cloak. In the background, slightly out of focus, is Samvel Tarly. He has short, dark hair and is also wearing a dark fur cloak. The scene is set in a snowy, outdoor environment with falling snowflakes visible in the air. The lighting is cool and blue-toned, typical of the show's winter scenes.

**This story about John Snow and  
Samvel Tarly.**

# John Snow

- John Snow, the bastard from the north, the son of lord Eddard Stark. His house is Winterfell. His direwolf's name is ghost. He was 14 years old.

# Samvel Tarly.

- He is the Randyll Tarly's son. Sam, is very fat. He likes to listen to music and read books. Father hates him and banished him to the Wall.

*They met in a Black Castle,  
during training.*

**Trainer ordered to beat Samvel until he gets up. But Sam could not stand up, he was hurt and scared.**

**At this time, John intervened for him.  
He fought one against three and won.**

*Since then their friendship began.*

**Their adventure began when they  
went to the Fist of the First Men.**

**On the way John helped Sam to cope with fears. (Sam was very cowardly))**

**They returned to the castle separately. (They were separated by circumstances). Lord Commander of the Night Watch was killed. Election of a new commander began.**

**- We have to warn them or before winter's done, everyone you've ever known will be dead**

Sam was smart  
and helped John  
to win. Now  
Snow became  
Lord  
Commander of  
the Night Watch

**But the story ended badly. John Snow was killed and his friend was in Staromest at the time..**

I chose this story because John Snow - my favorite character from the George RR Martin's book named "A Song of Ice and Fire".
