

Gooses language

History

Monocle

- Slender haven't got face to talk. So I decided to wrote about language of geese. A few people knows about language and people don't now that geese created monocle

“Monocleus Goolesus”

- In 14973 year B.C. geese on space shuttle “Monocleus Goolesus” landed on Earth. Then geese learned the people how to hunt, do fire and medicine.

Gooses with anomalies

- In 9537 year B.C. geese with anomalies mutinied and geese divided on clans: Aristocrats, Mutants and simple geese. But riot managed suppress. Aristocrats and simple geese united and kill Mutants. After then geese took avial and since never hurt. What happened after then? Nothing. All geese live good and peace.

Gooses language

- Oh yes yes, gooses language. Here are a couple of words
- Ga-Yes
- Ag-No
- Nagib-Dota 2
- Gy-Why?
- Gygygi-Nothing
- Geeze-Cheese
- Gygaga-Bygaga
- Gygagy-Eat

Forget
everything

Now you
now to
much about
goose. Look
in this
goose eyes
and forget
everything
