- ◎ Youth is a beautiful time. The faces of young people, the young souls and young love – everything is beautiful.

- Are all young people alike? Of course, not. But they have got similar problems.
- They want to go their own way, have their own style of clothes, even their own language — youth slang.

- 
- A group of five young women with blonde hair are smiling and hugging each other outdoors. They are wearing blue shirts. The background is a green field. A semi-transparent dark blue shape is in the bottom right corner.
- They want to be independent from their parents and teachers. But they don't know how to do that.

- Often parents are too busy earning money for bringing up and educating their children. They can't give their children attention and understanding.

- That's why teenagers easily come under the influence of other people.

- They find idols among famous singers, sportsmen, actors and politicians. They try to copy them blindly from hairstyles and clothes to bad habits as smoking and even using drugs.

The background is filled with colorful stage lights in shades of purple, blue, and pink, creating a bokeh effect. The person's hair is dark and appears to be in a ponytail or bun. The overall atmosphere is energetic and vibrant.
- ◎ Young people are crazy about music. They organize their own fan clubs.
 - ◎ But a lot of them are talented, creative.

- 
- ◎ Young people dream of highly-paid jobs, of better life. They are interested in studying foreign languages and have excellent computer-operating skills.
 - ◎ Some of them are interested in politics.

- Many youth clubs and organisations are founded which unite young people according to their interests.

- ◎ They are the Plast scout organisation, "The student's League", "Young socialists", "Green Peace" and others.

- 
- © Youth and the youth movement have become an important factor in the public and political life of our state.

- 
- Youth are the future of each nation, of each country. Young people have always been the first where it was most difficult, where strong arms and enthusiasm were necessary.

- ◎ Nowadays democratic changes are taking place in Ukraine. Our young people have begun to take a more people interest in the home and foreign policy of Ukraine. All Organizations for schoolchildren are not based in schools, they unite young people of different towns or district.

● One of the biggest problems is schooling. It is very difficult to teach school subjects and prepare for exams.

- One of the actual youth problems is **hardness to get an education**. A lot of young people think that education is inaccessible because of lack of money. They would like to get a high education, but it could be very difficult to enter the university or very expensive.

A scene from the animated movie Madagascar. A giraffe, zebra, lion, and hippo are arching their necks to form a bridge. Four penguins are standing on the giraffe's neck, and a lemur is hanging from the bridge. The background shows a savanna landscape with acacia trees and mountains under a blue sky with clouds.

◎ **Unemployment** is another great problem among youth. Difficulty which young people face is to find a good job after graduation. It is hard to find a well paid job, you must have connections everywhere. Young people are discriminated against when they seek a job, for they are inexperienced. It is also hard to find a job according to your qualifications, good jobs are hard to come by.

Problem of unemployment leads to material problems. Young people have to pay for everything, they have needs, they have to pay their bills and etc., but they don't have enough money. Almost all of young people face to shortage of money.

- 
- ◎ The **housing problem** is still unsolved. Usually young people have no chance to buy or to rent an apartment because of soaring of real estate prices. No housing and no hopes to get it. They have to live unsettled life in hard conditions. Some of them have even nowhere to live. Lack of your own dwelling prevents to create young families.
