LAS VEGAS

NEVADA

The Luxor Las Vegas hotel was built in 1993. He is located near the Las Vegas Strip. At that time he was the most unusual hotel. The main building of the hotel built in the shape of the Egyptian pyramid.

A hotel is located in 8 kilometres from international air-port.

Besides the 30-floor building-pyramid of black smoky glass, where is located the 2500 rooms, here are 22-floors tower with an additional two thousand rooms.

Everywhere played up the theme of Ancient Egypt. Pyramid guarded the Sphinx.

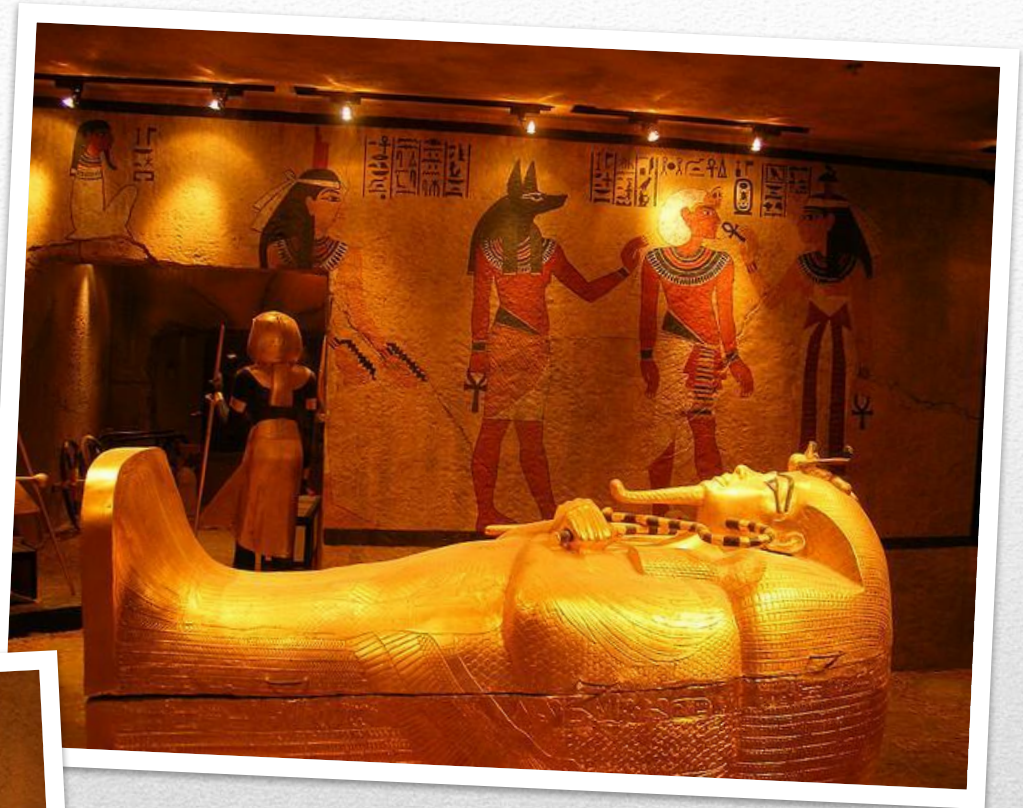

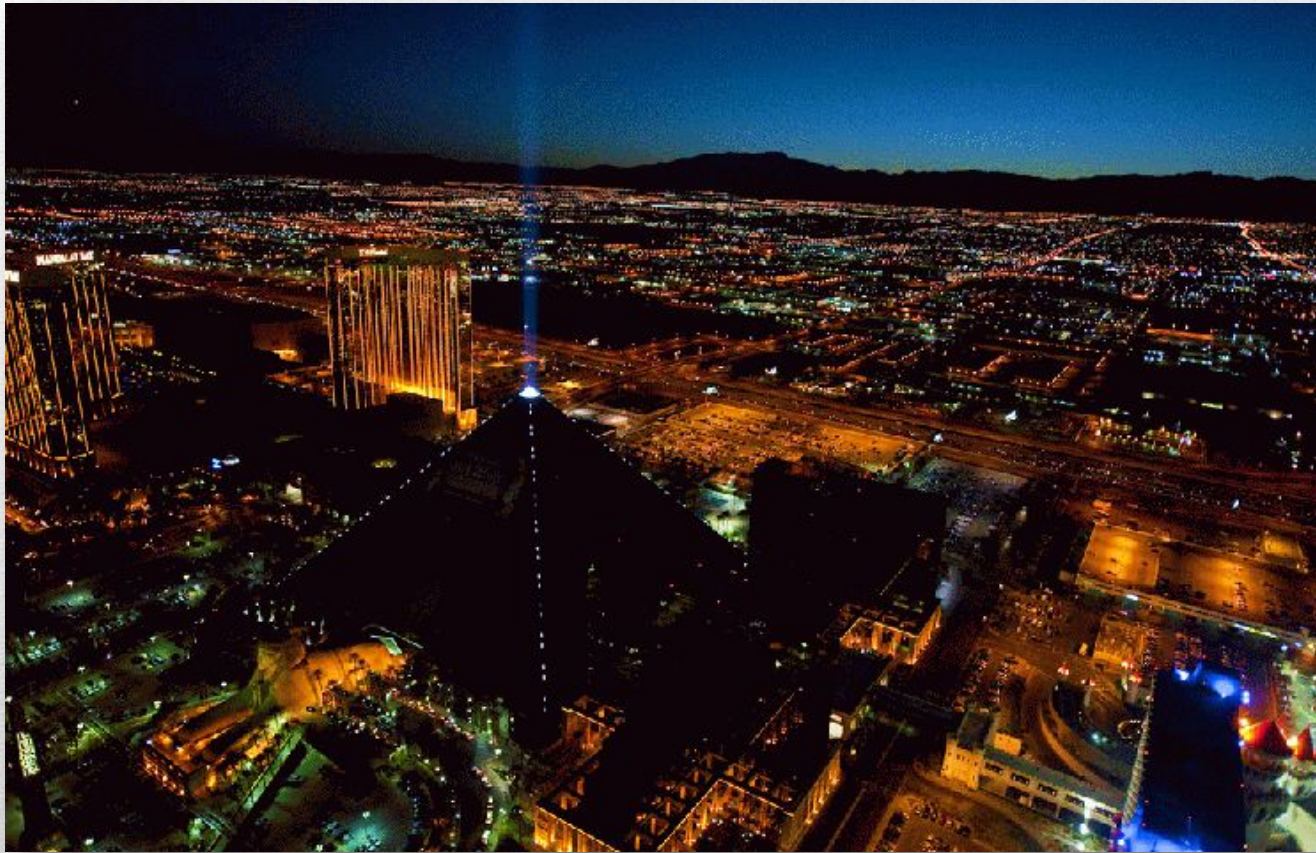

Before entrance of the hotel also overtopped the Cleopatra's Needle (ancient Egyptian obelisk).

The halls are decorated with statues of Pharaohs, there is a replica of the tomb of Tutankhamen with all its treasures.

Inside there's a river, 5 swimming pools, a bunch of restaurants and 4417 rooms. Every evening with the top of the pyramid at the Luxor beats 315.000-watt light beam. He is so powerful that its visible even from space.

Rooms at the hotel Luxor provide cable TV with pay-channels. There is a living room in every room . There is a large shower in bathrooms. In a spa salon there is a steam bath-house, sauna and Jacuzzi. A night-club LAX in a hotel is executed in rich red tones and equipped modern voice systems
