

*Математика в
технике
«Кинусайга»*

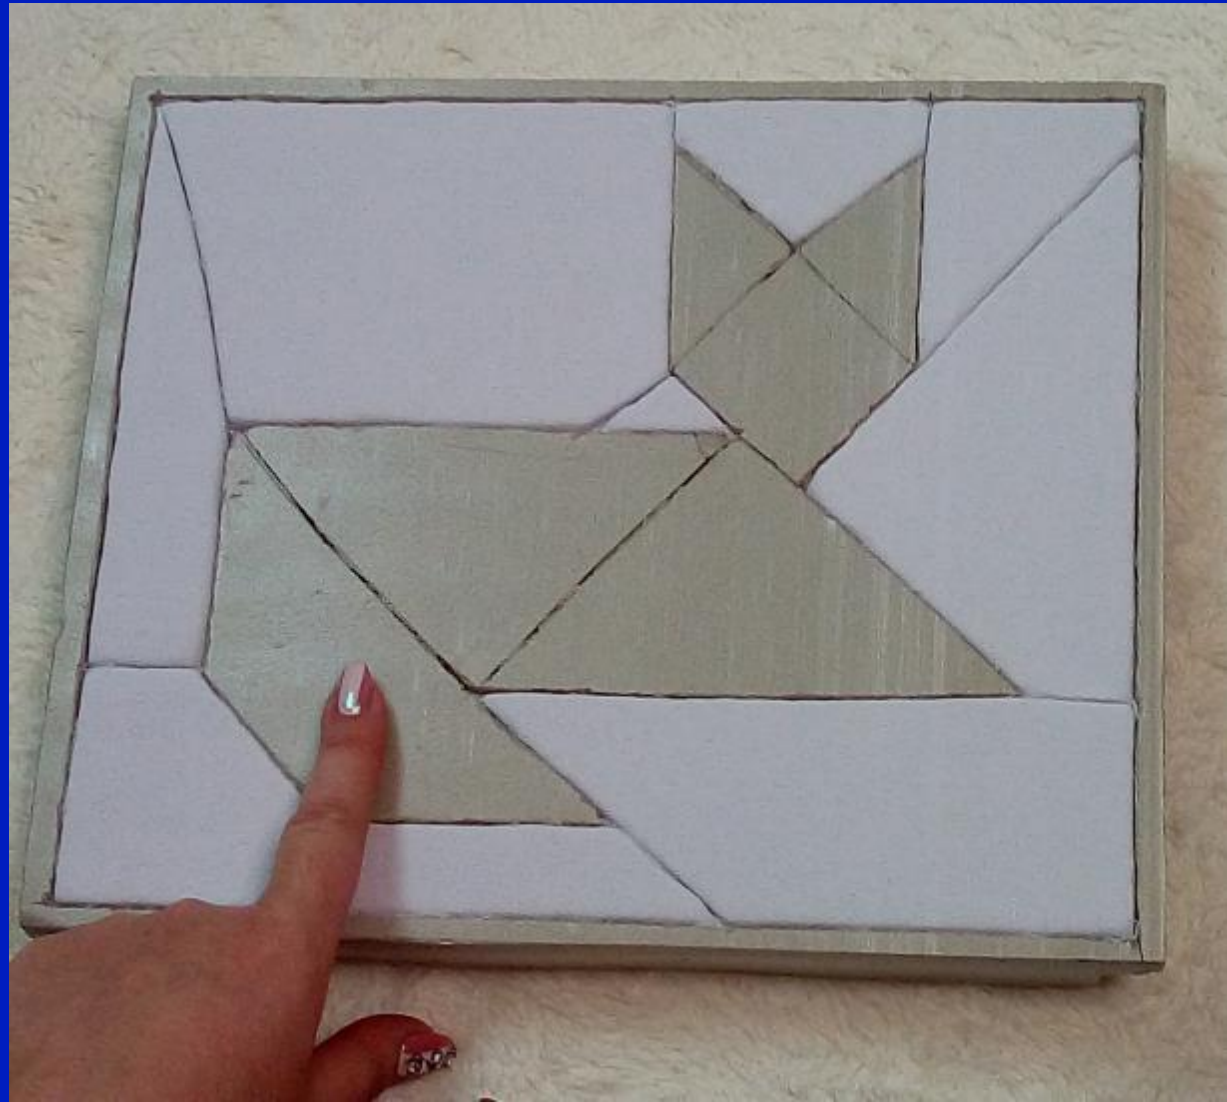

Подготовила и провела: Дерова Ольга Геннадьевна

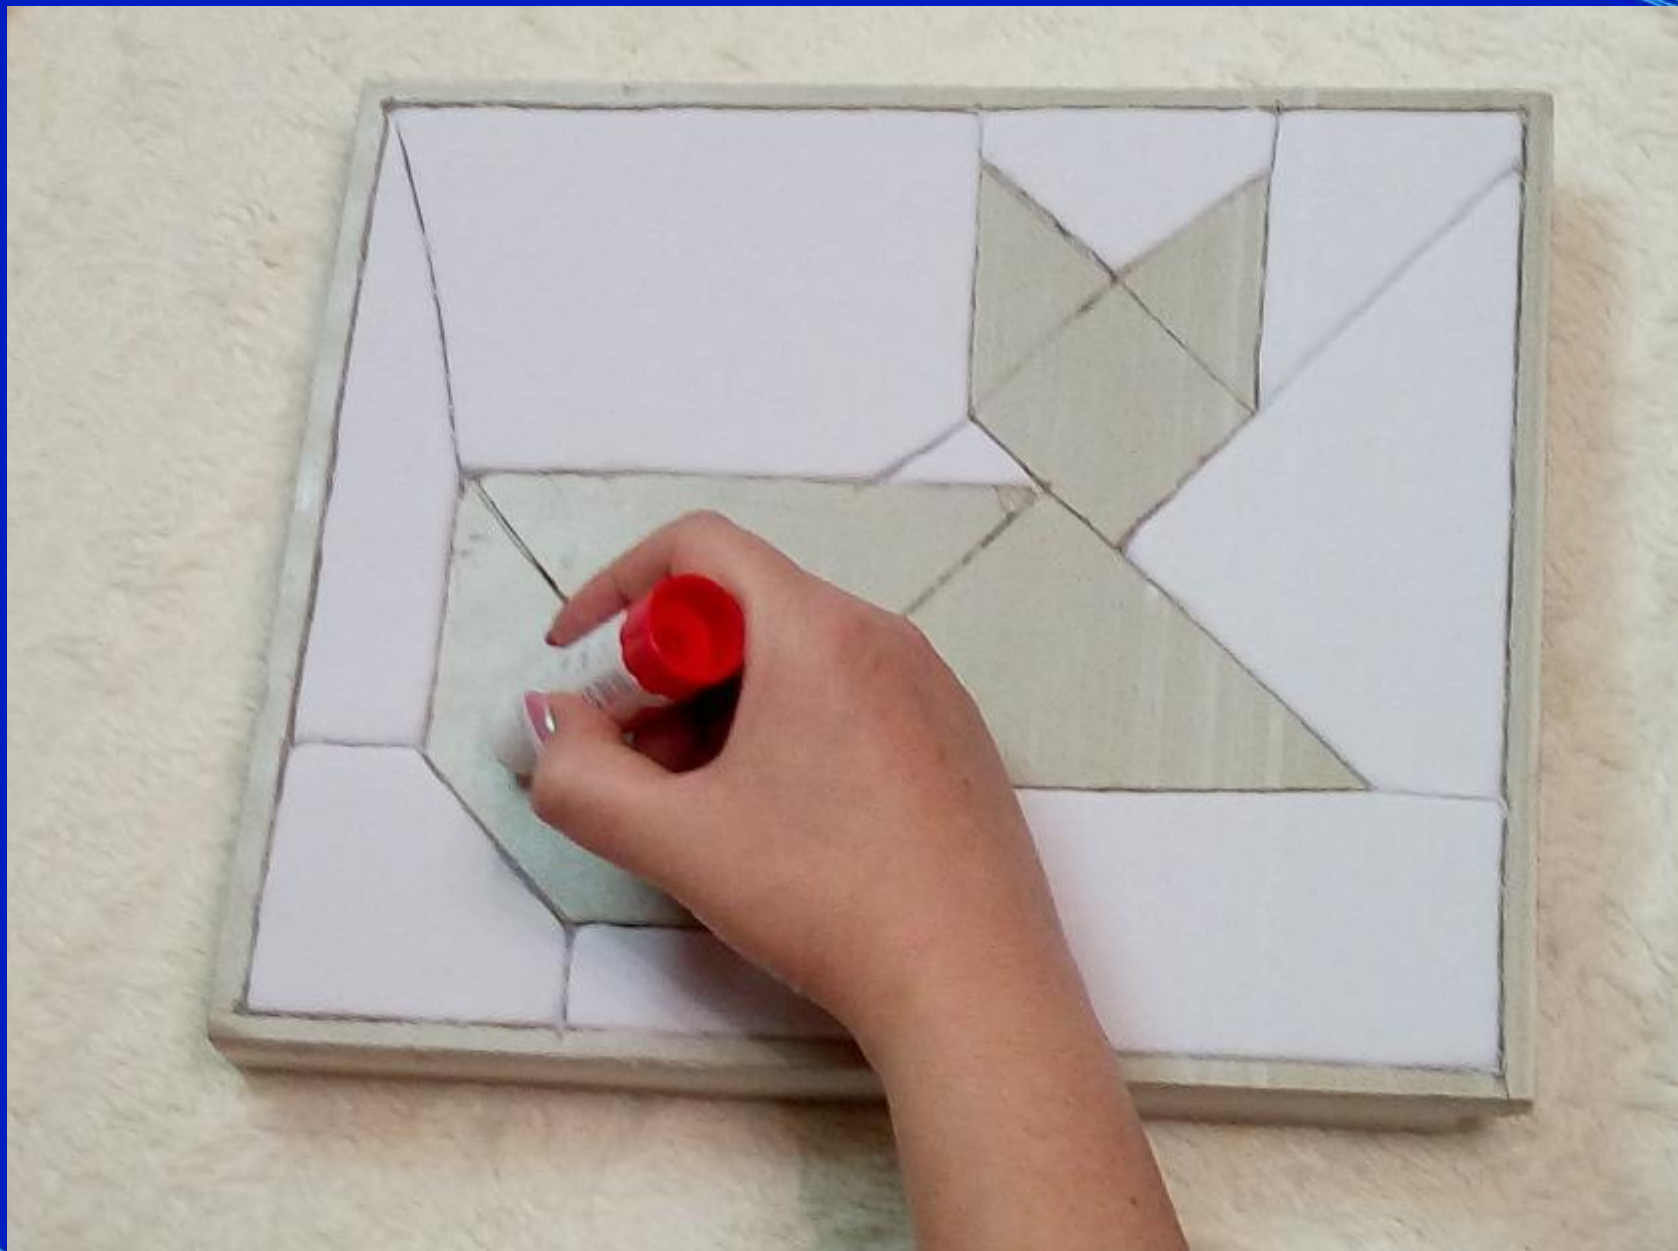

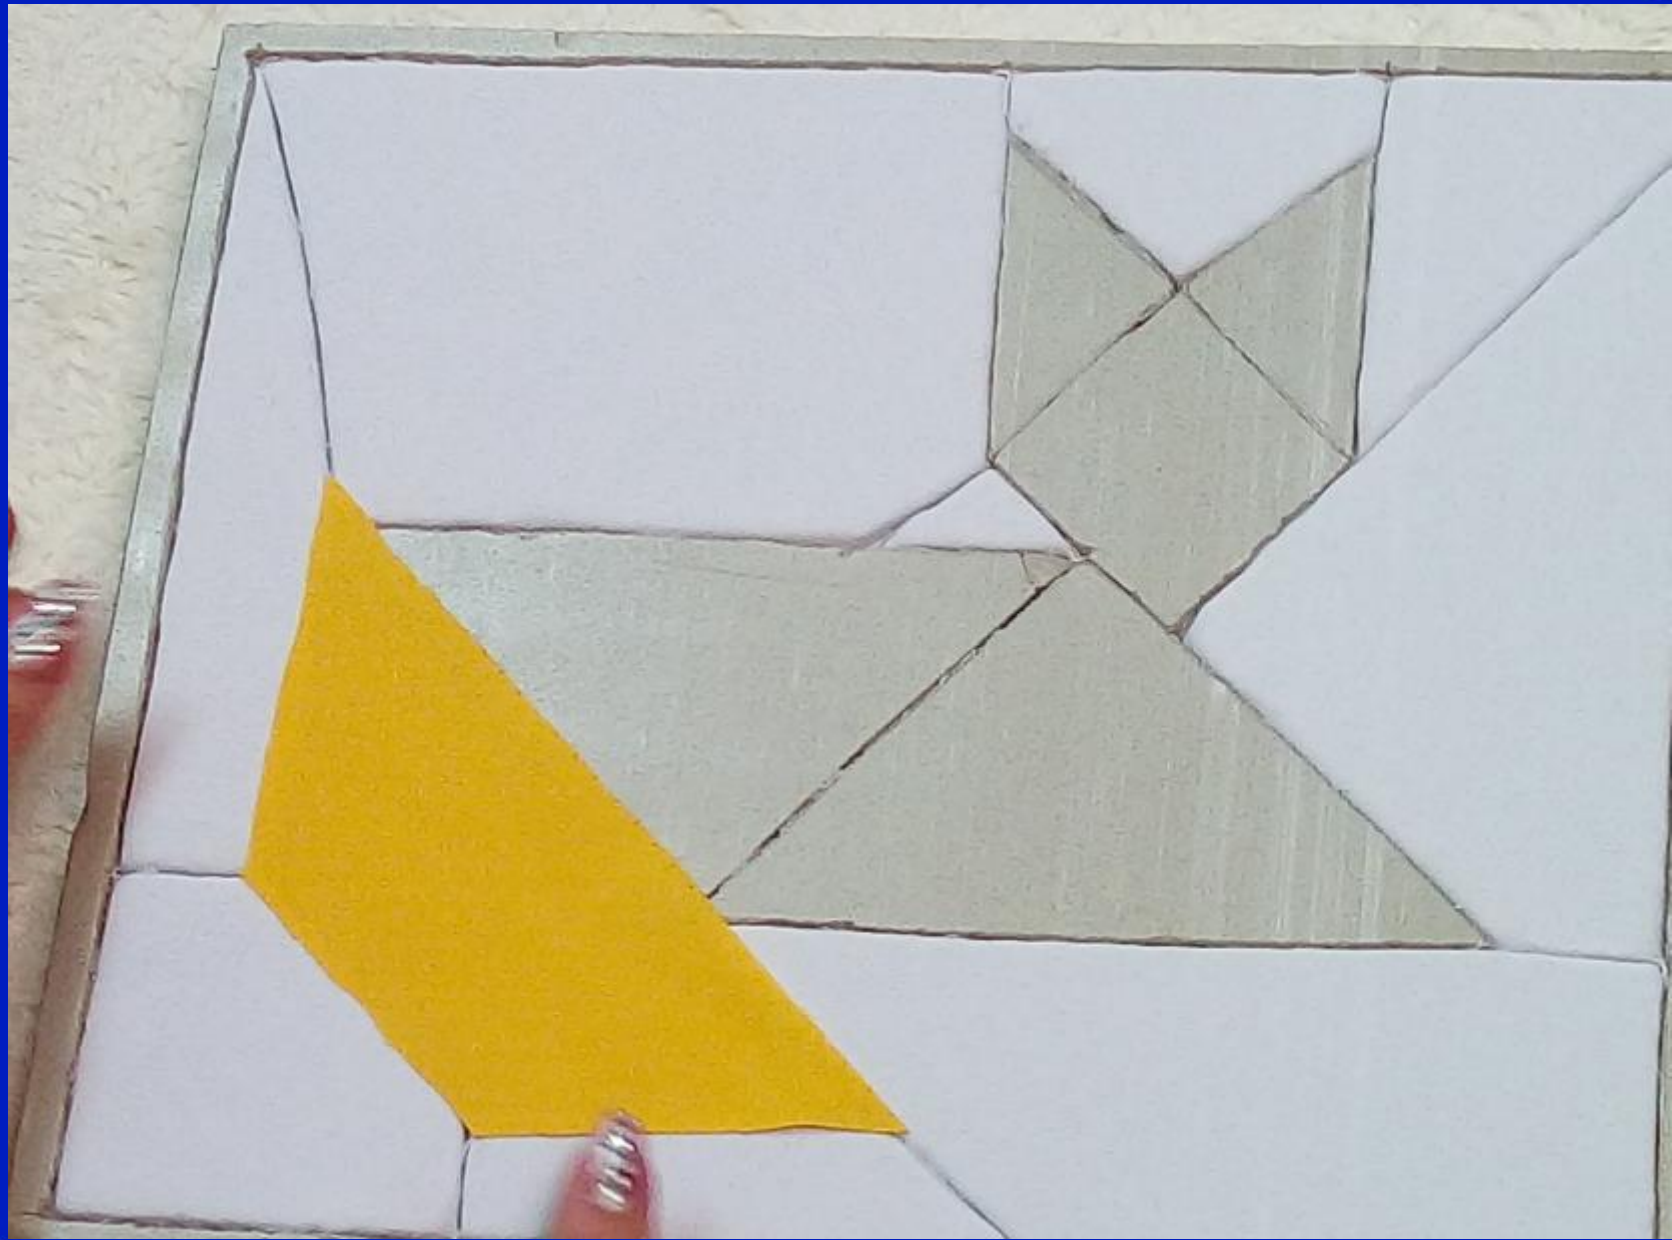

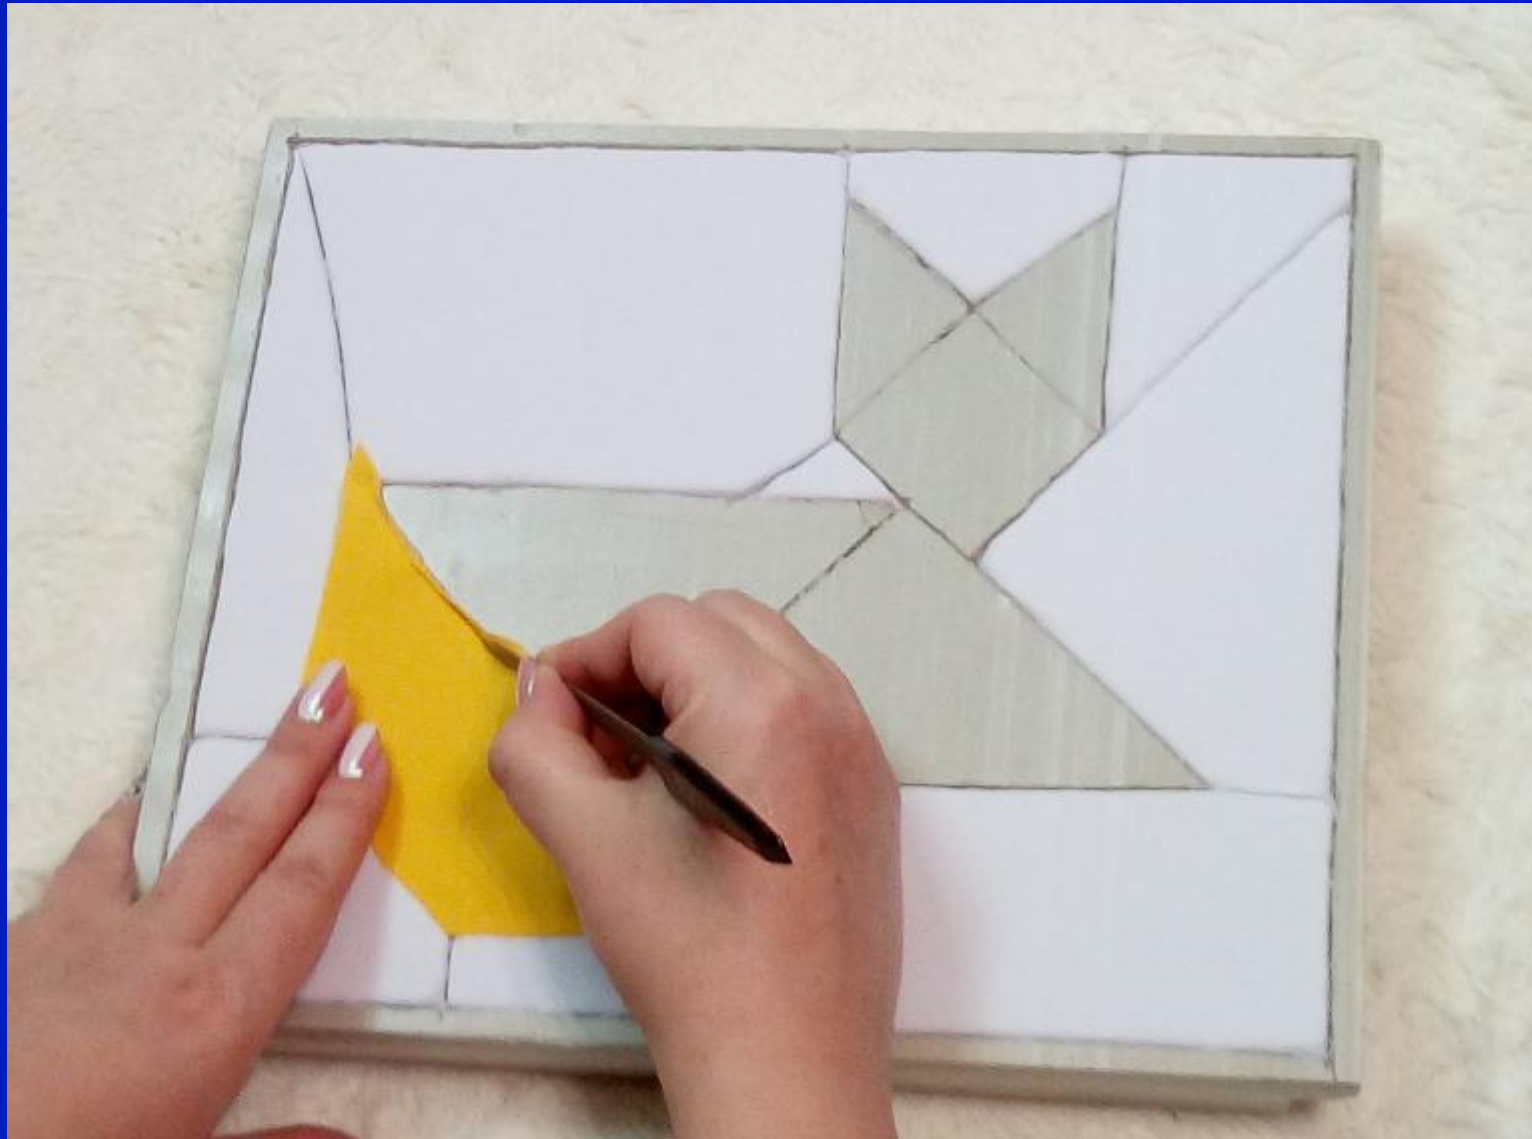

Задачи: познакомить с техникой «Кинусайга»; дать представление о многоугольниках на примере треугольника и четырёхугольника; закрепить знания о геометрических фигурах: треугольник, квадрат, трапеция; развивать познавательную активность; воспитывать усидчивость и аккуратность

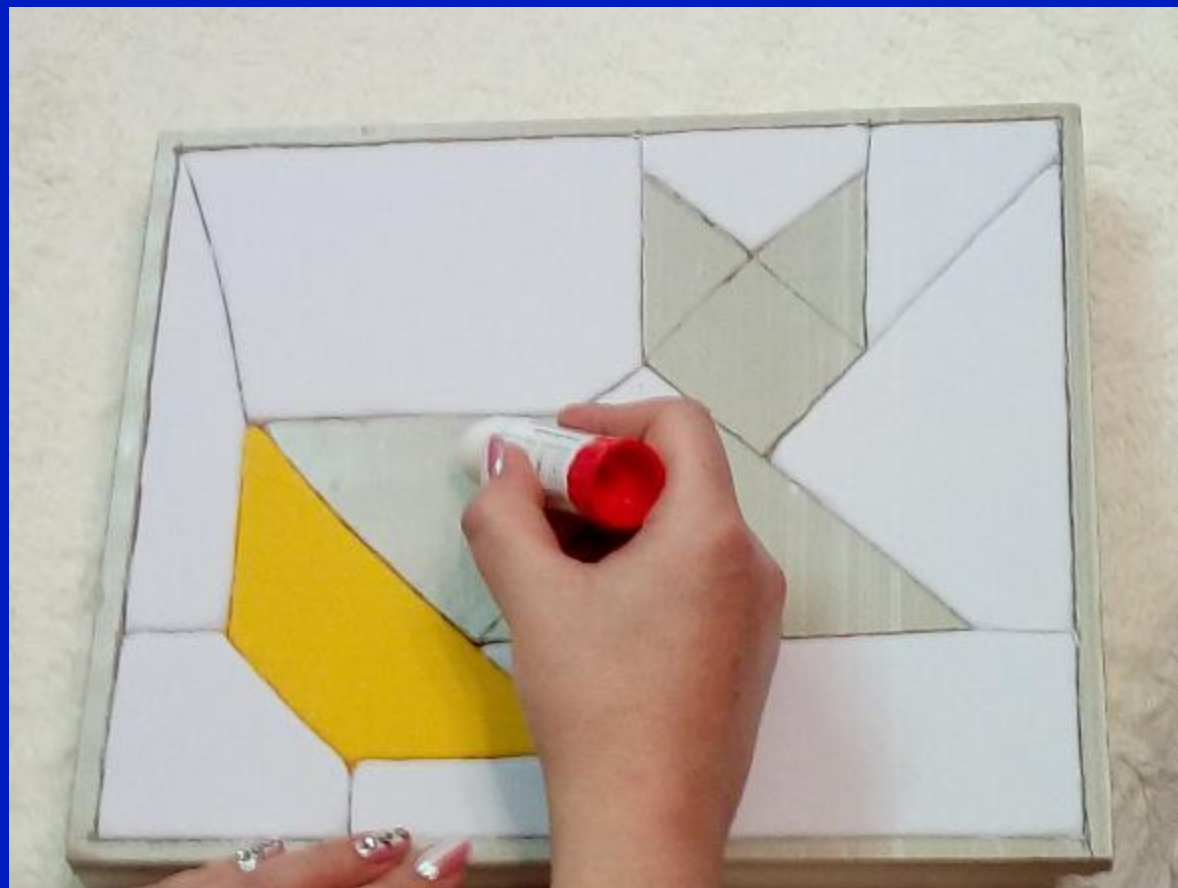

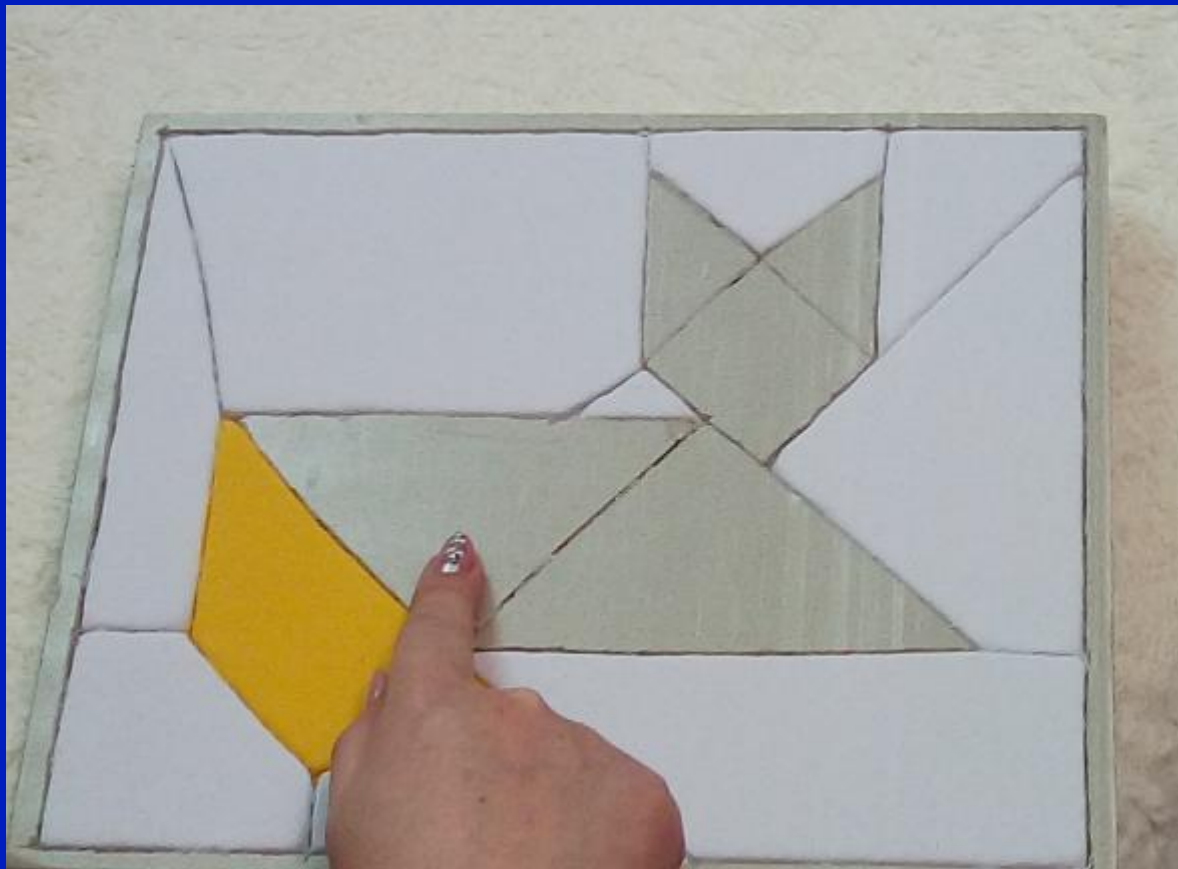

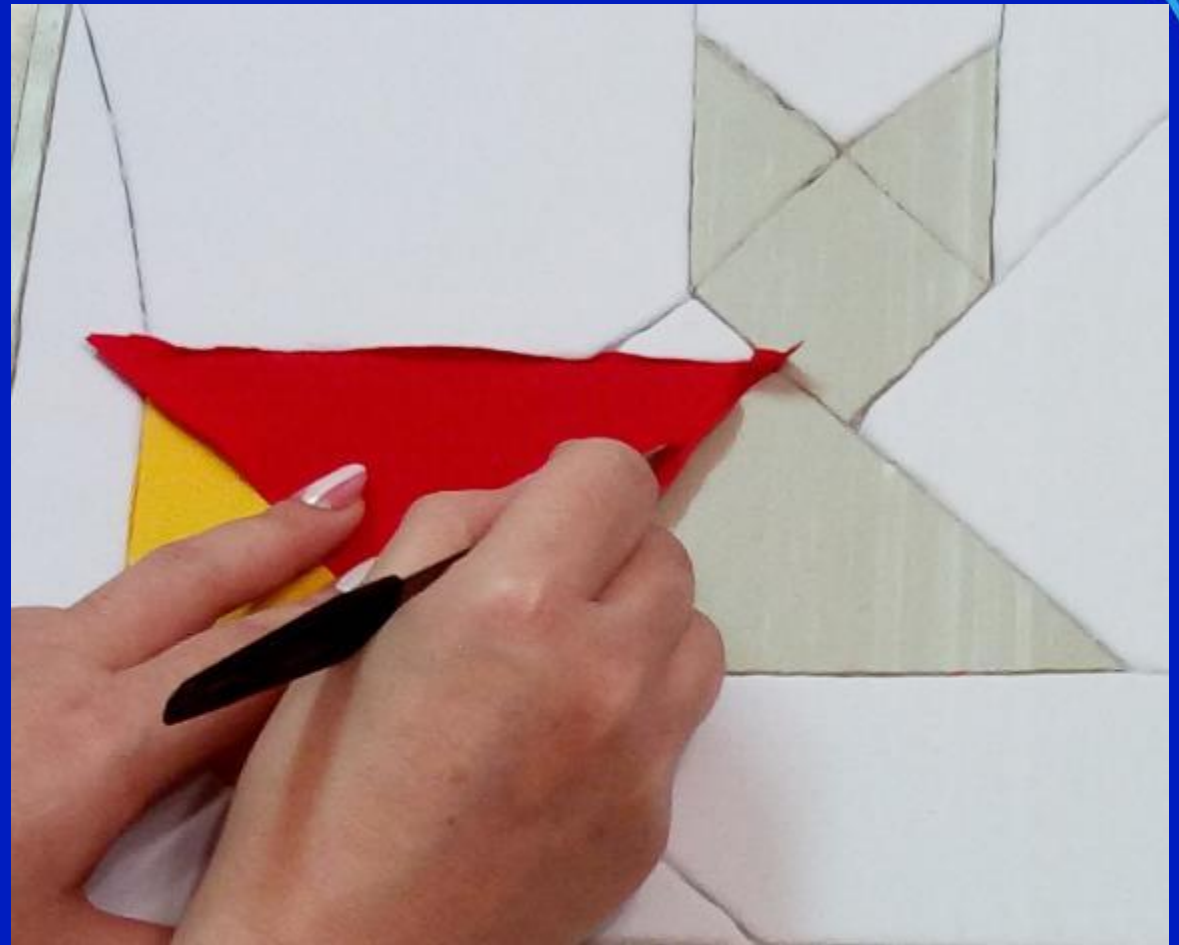

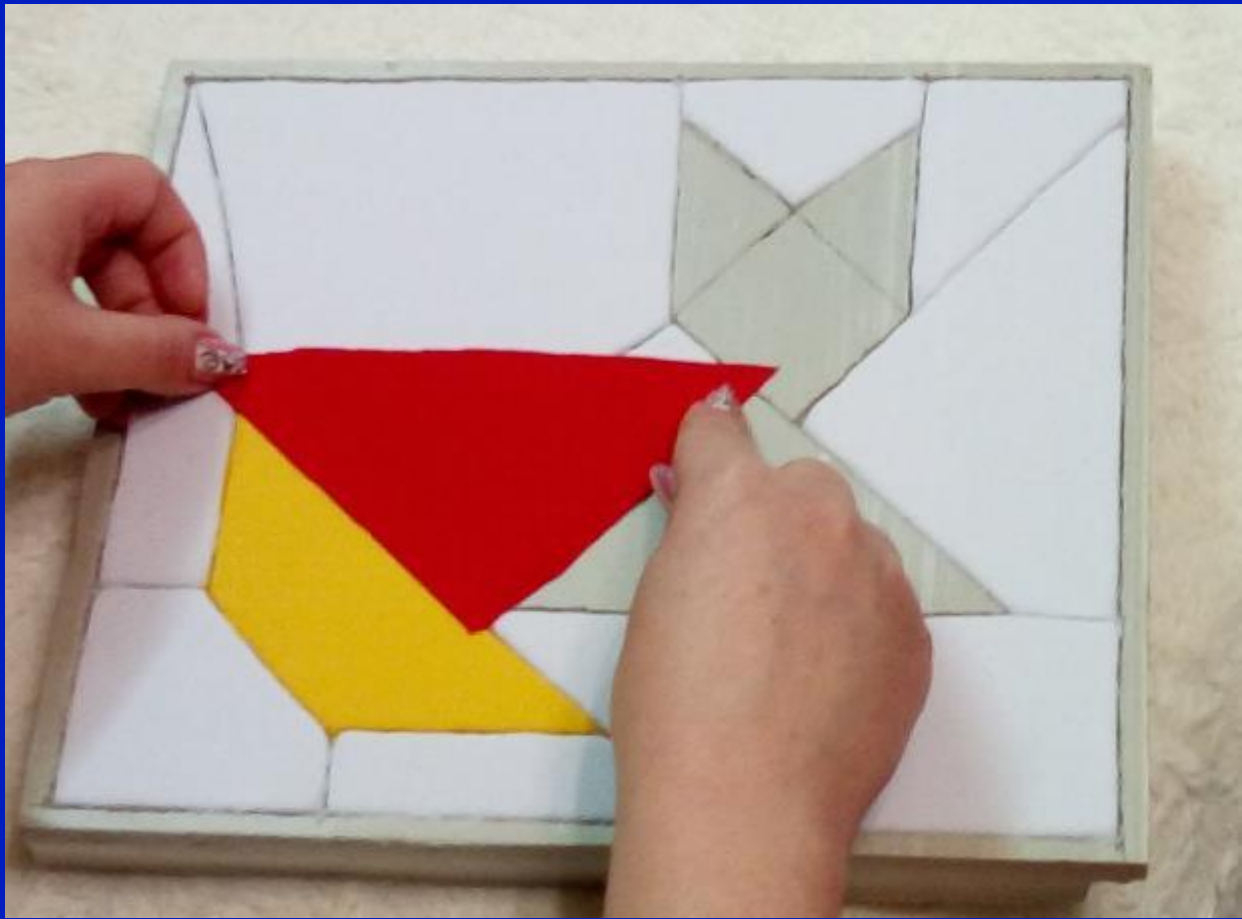

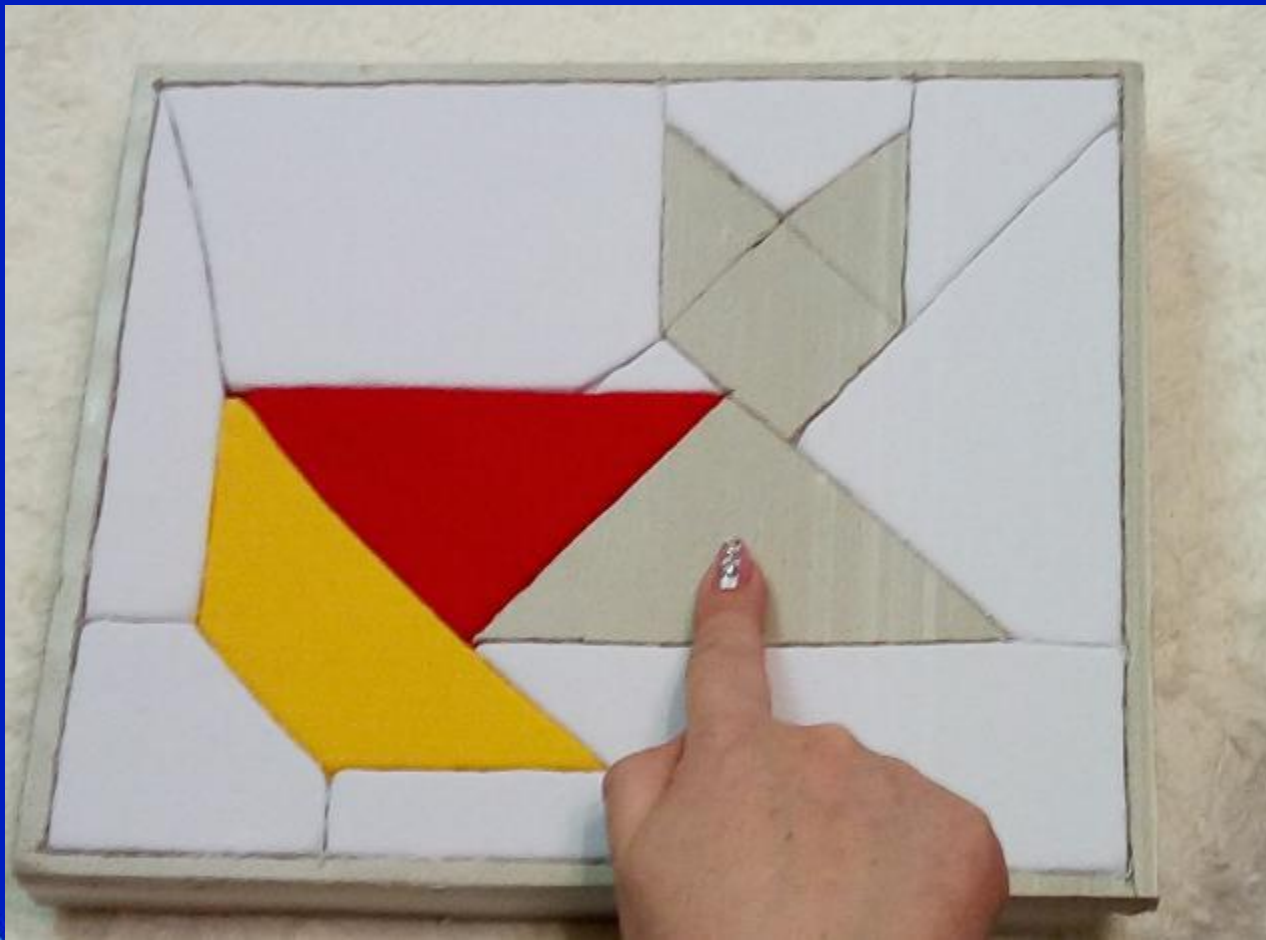

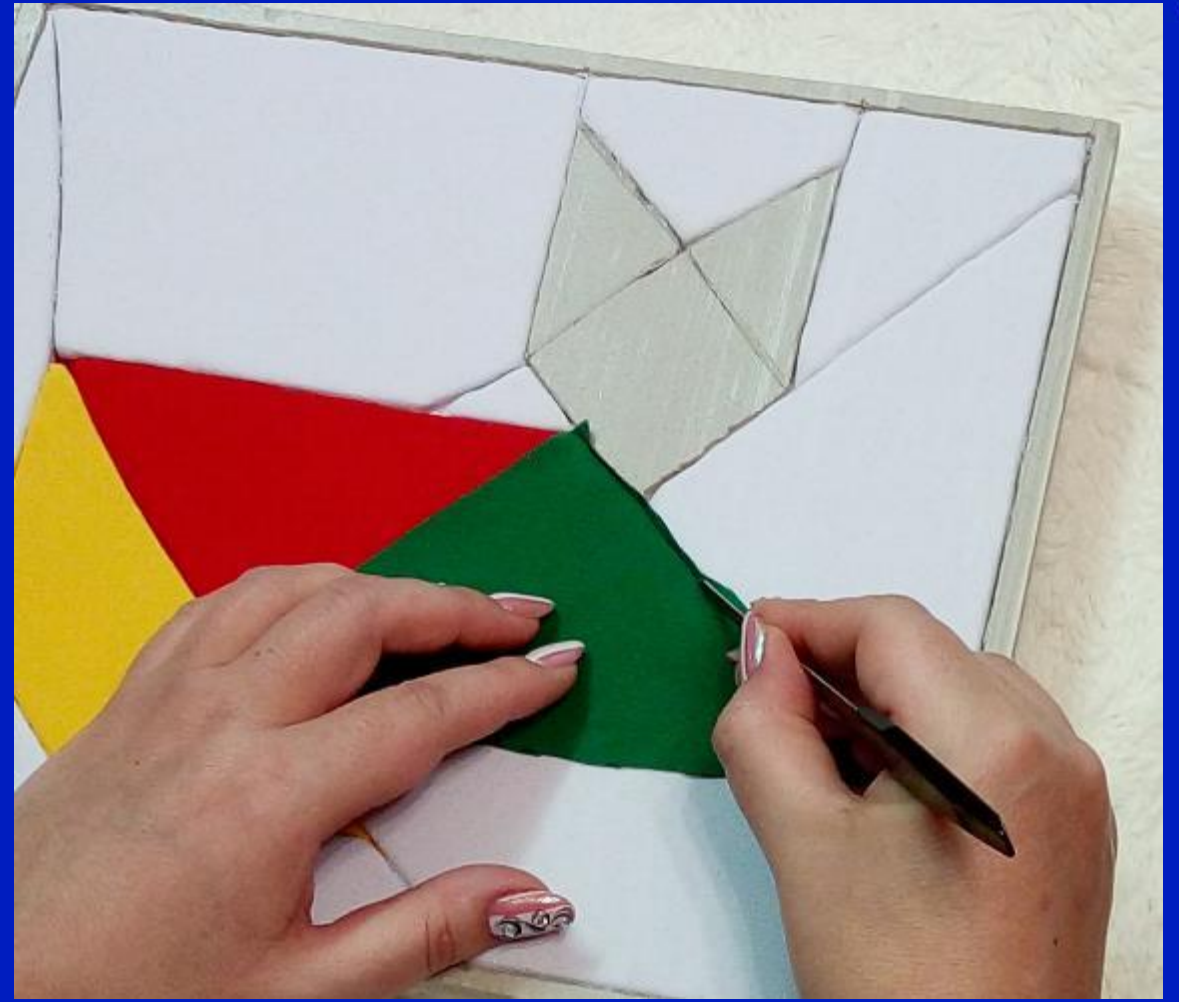

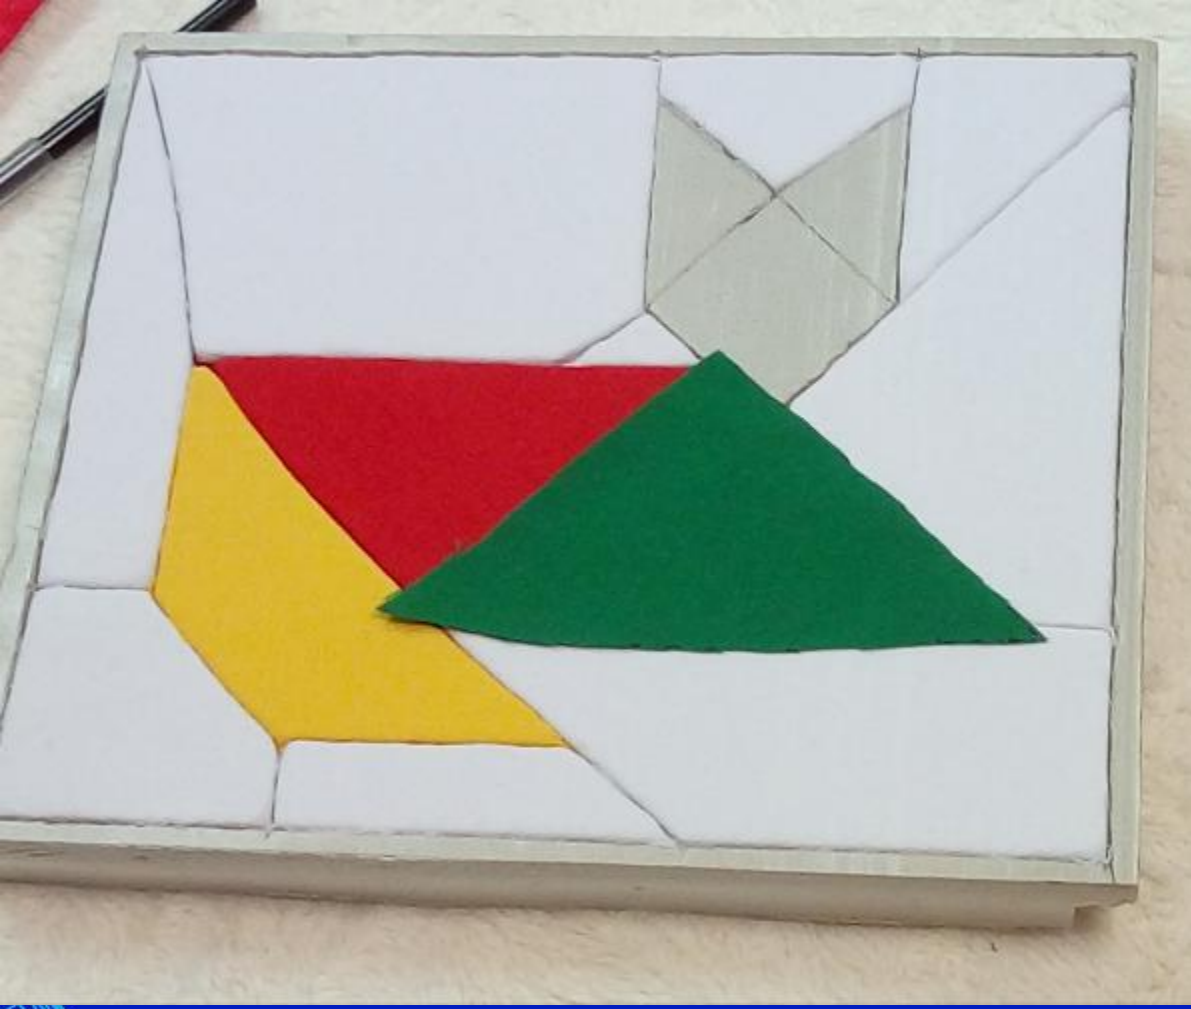

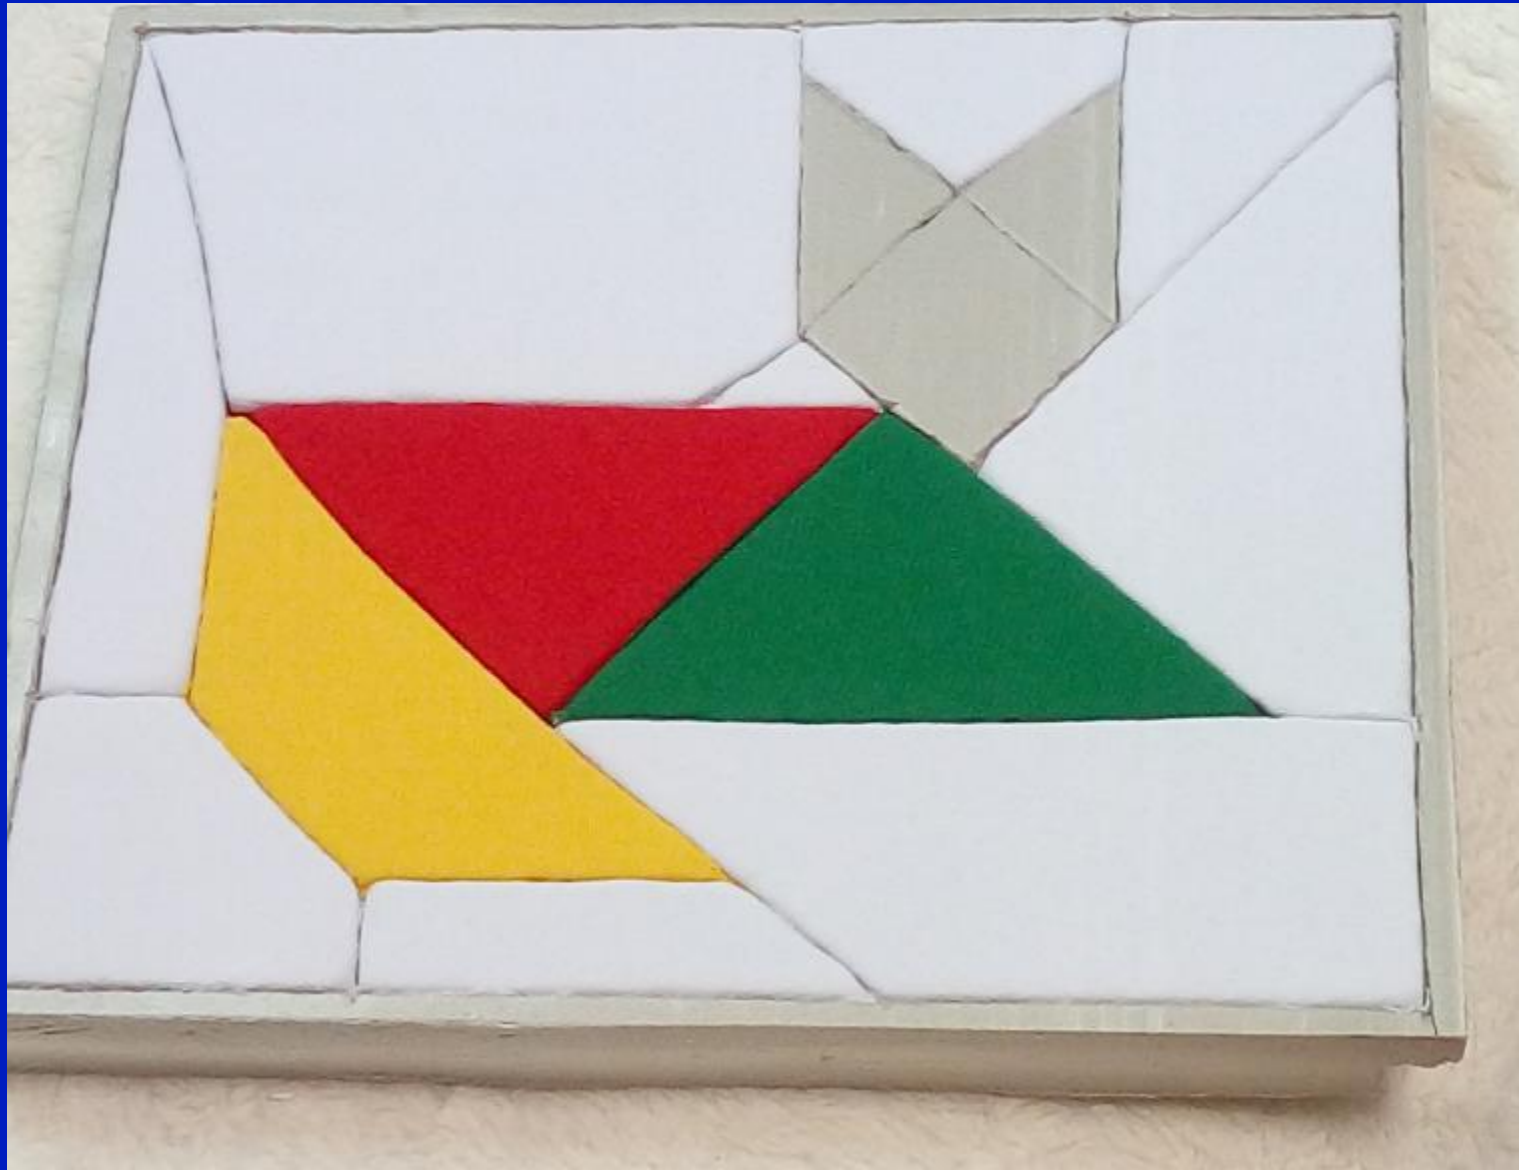

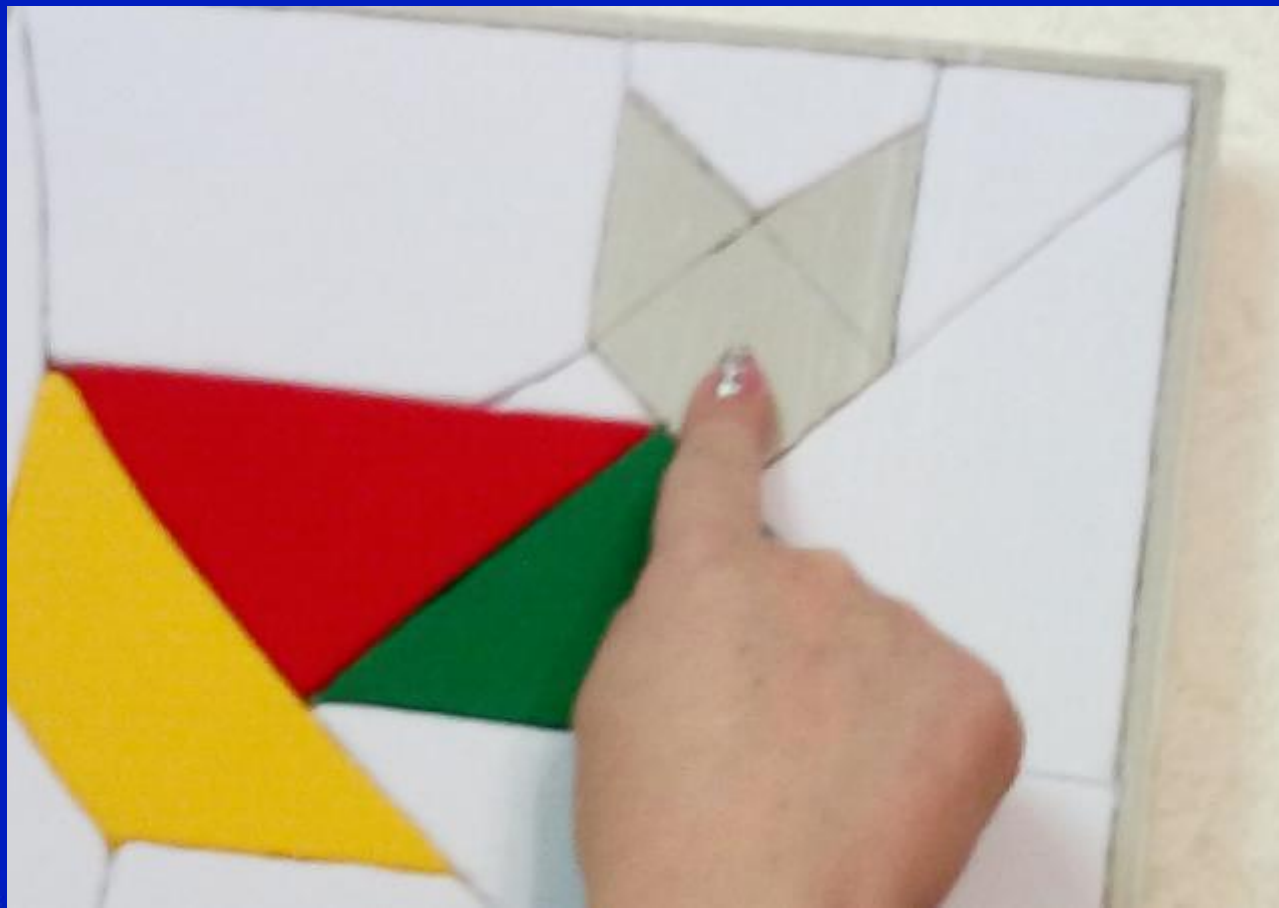

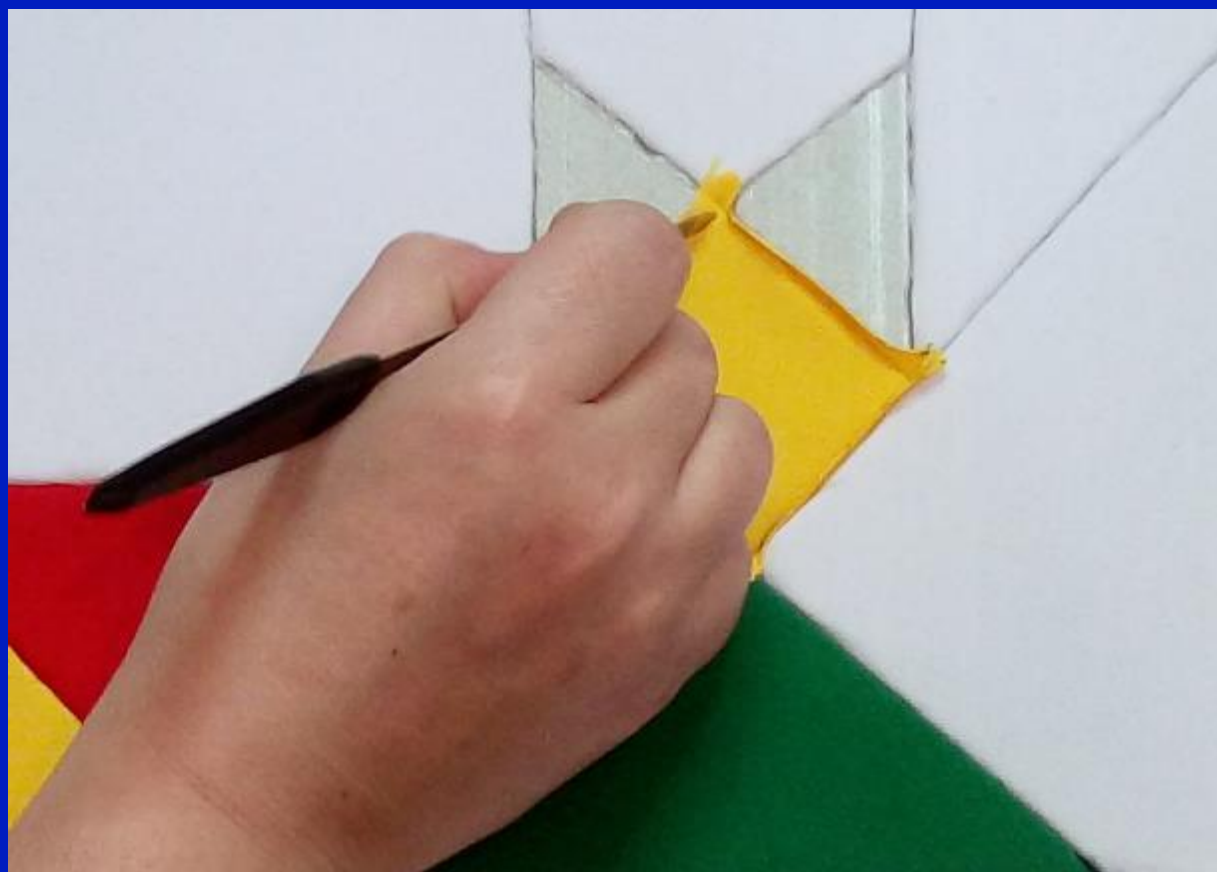

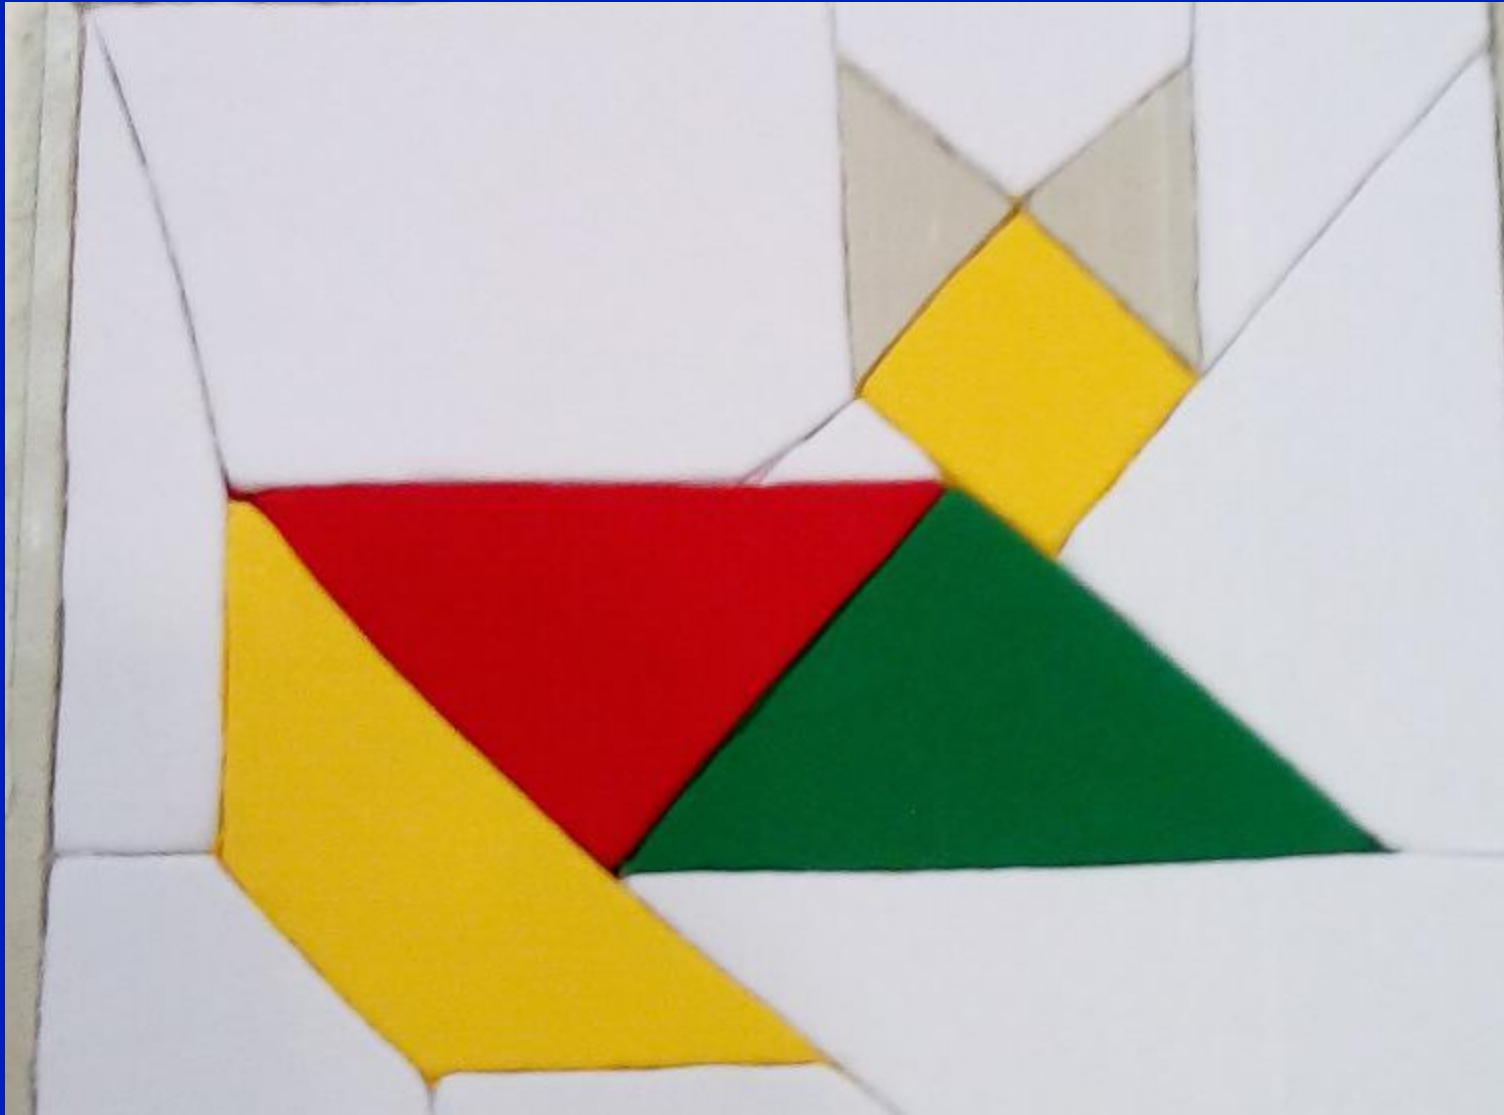

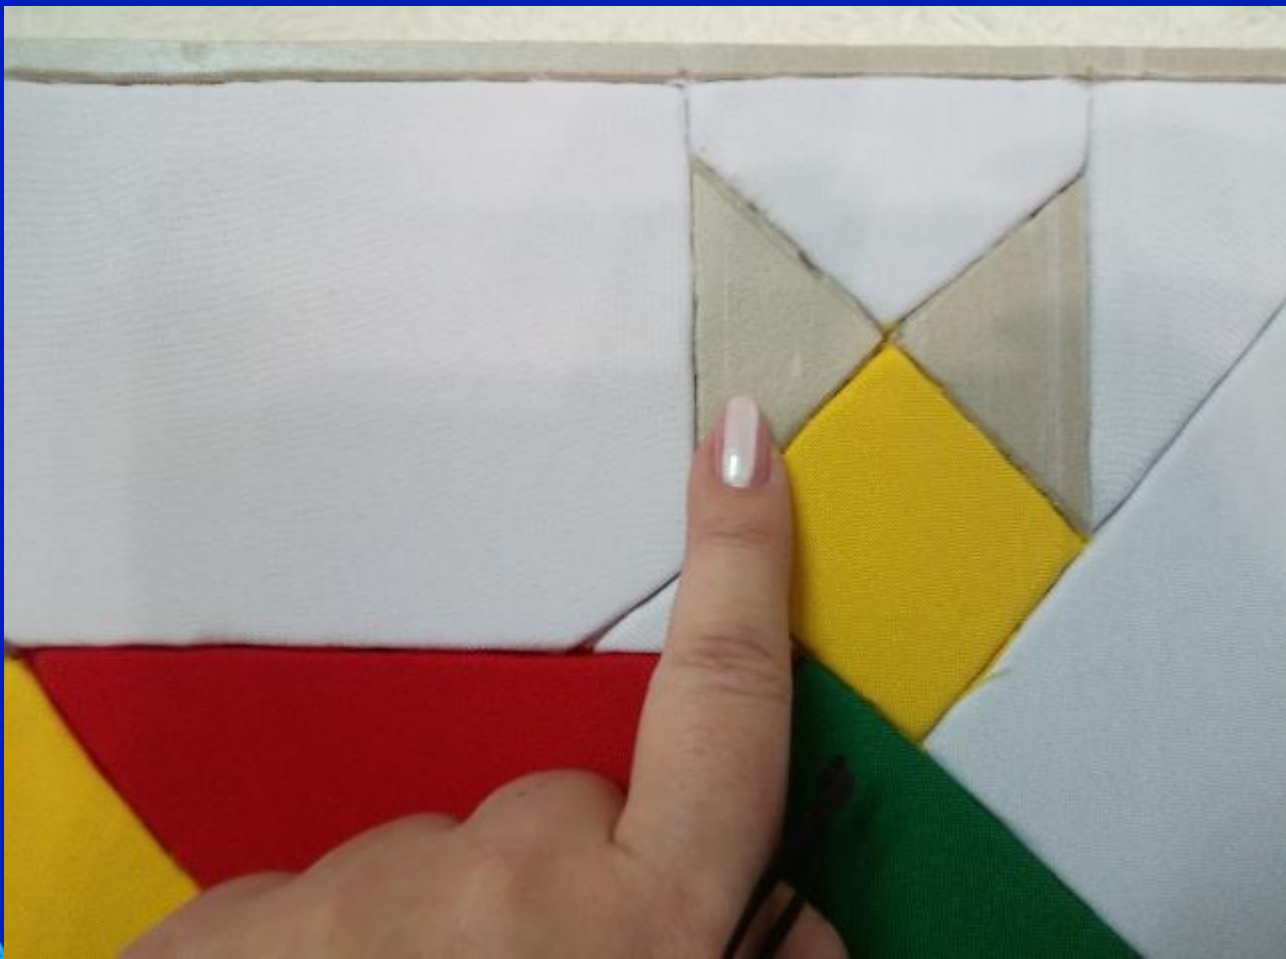

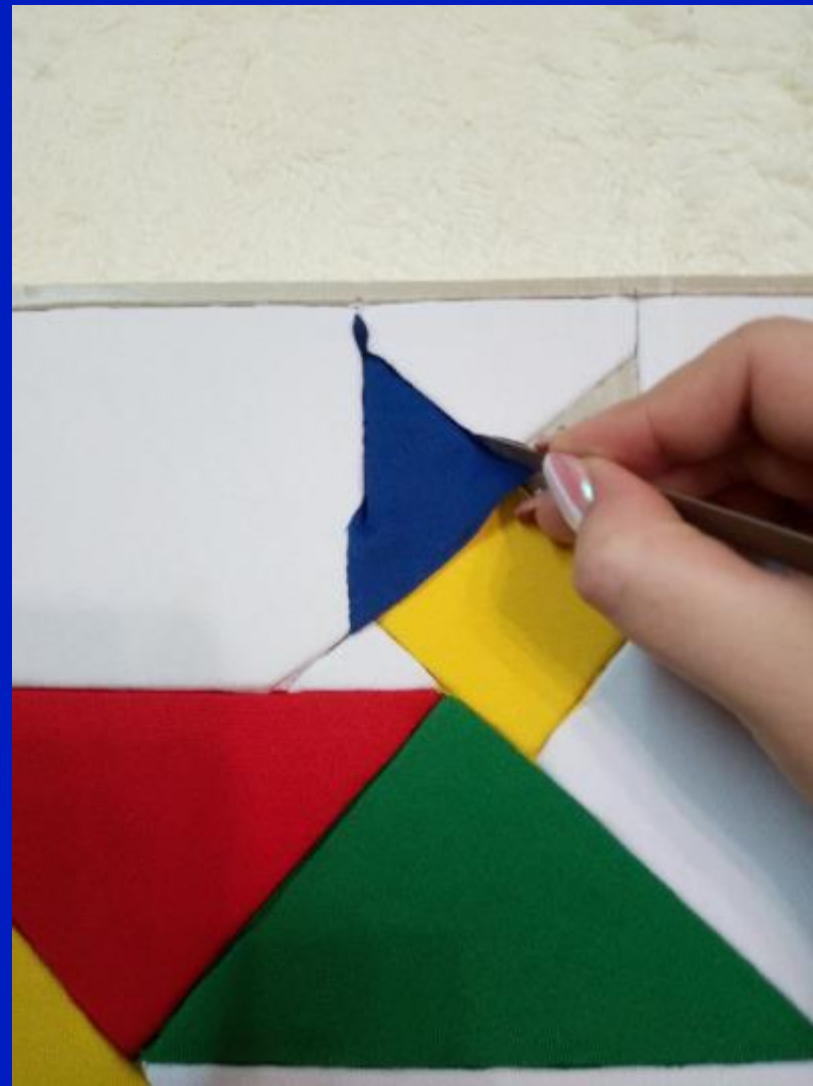

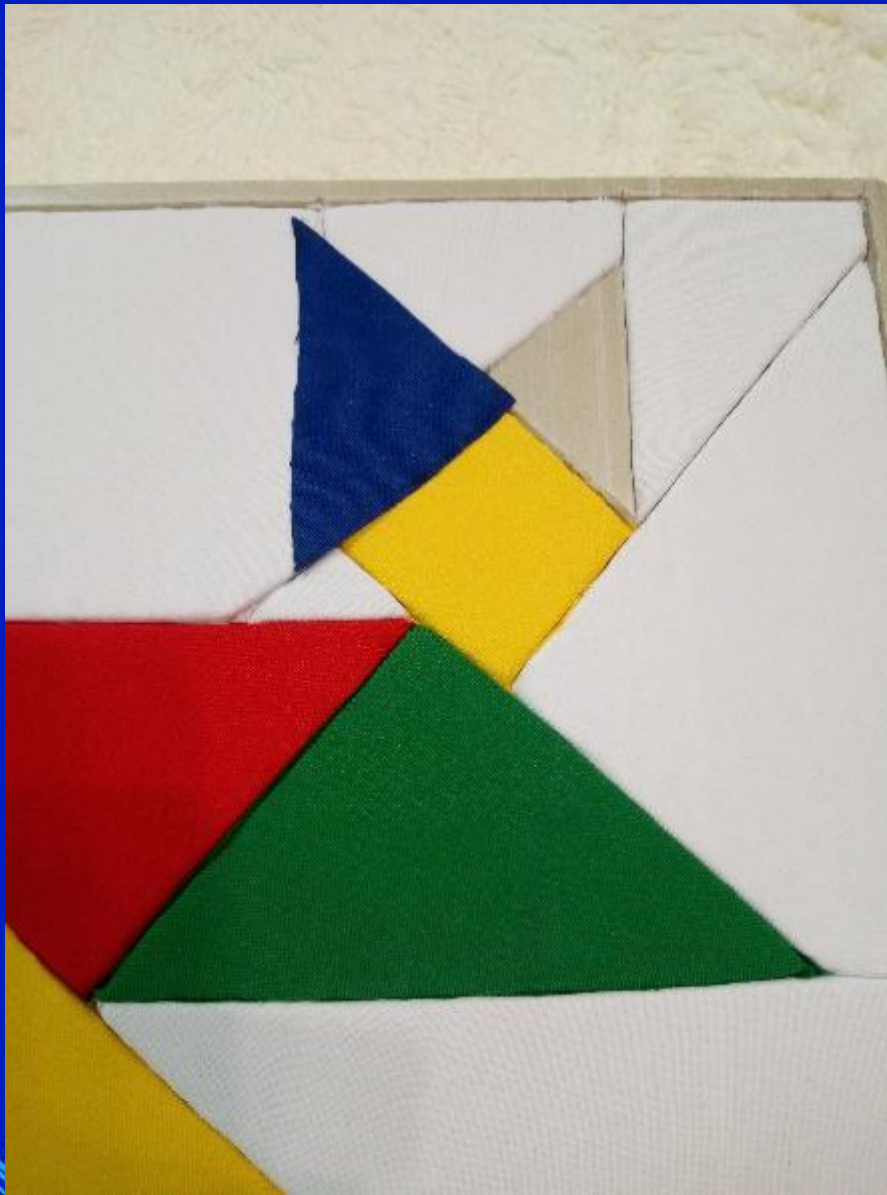

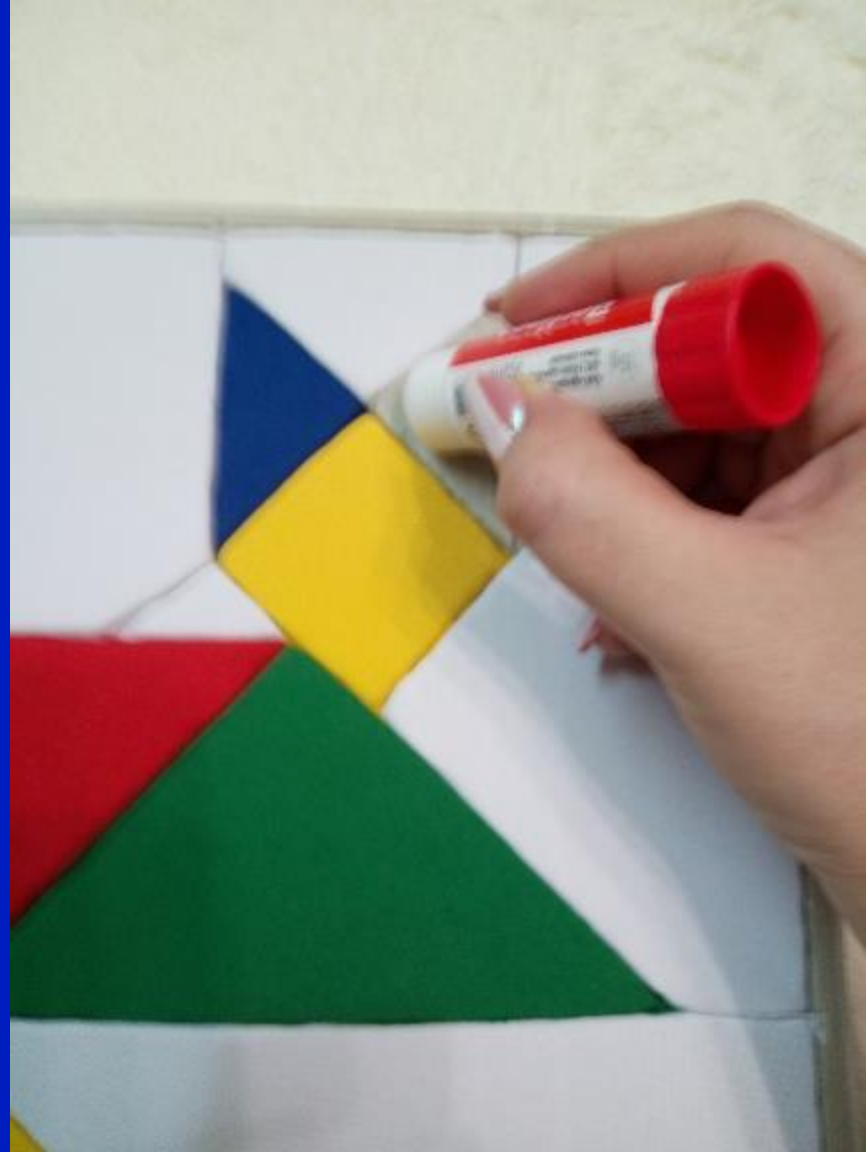

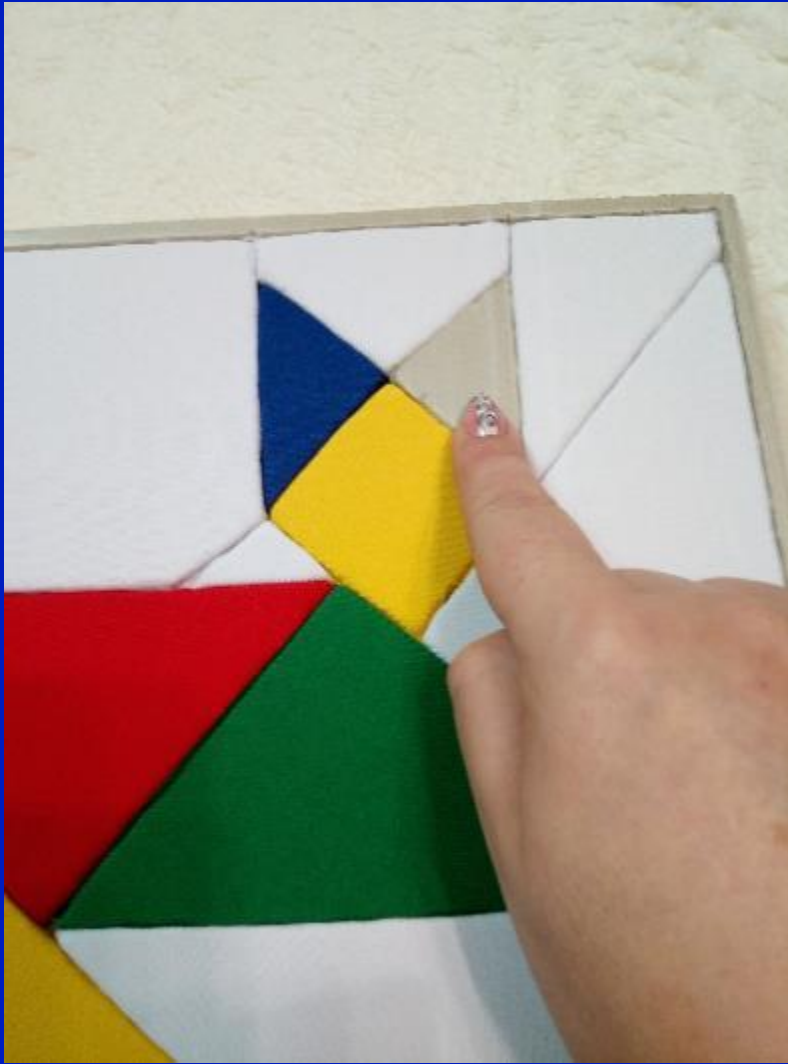

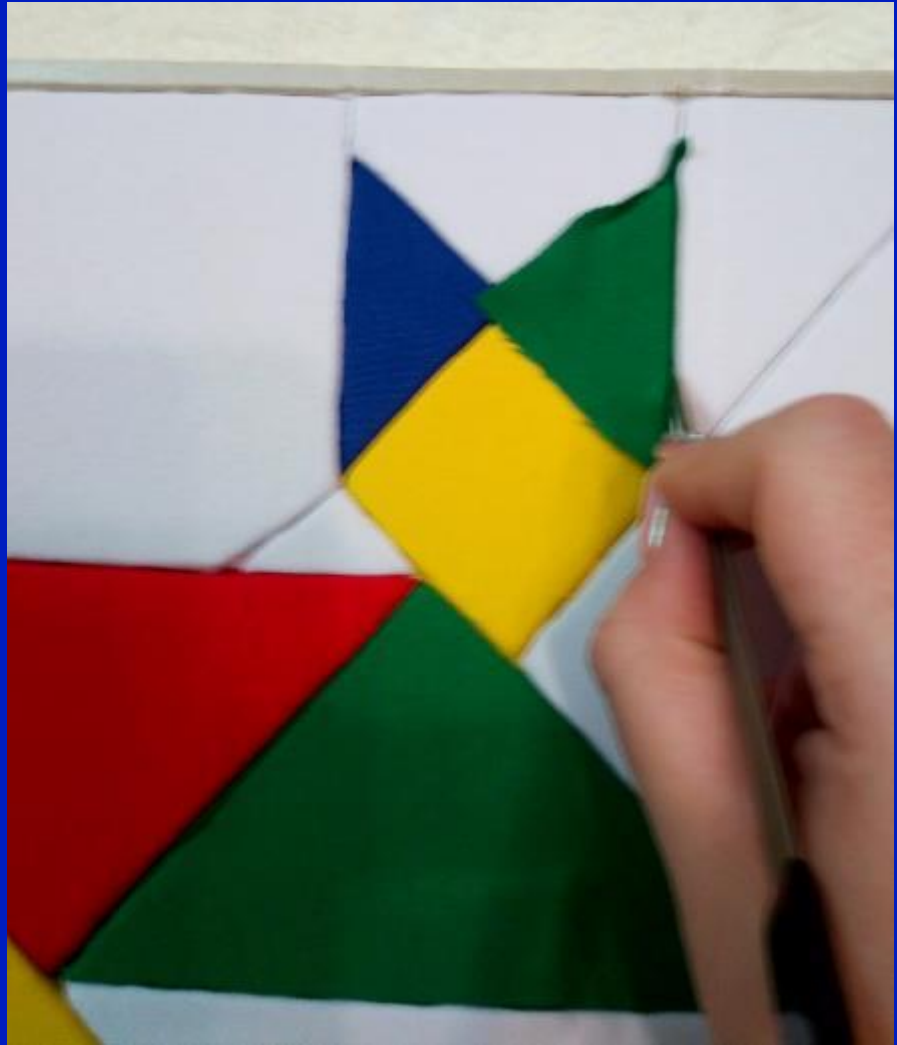

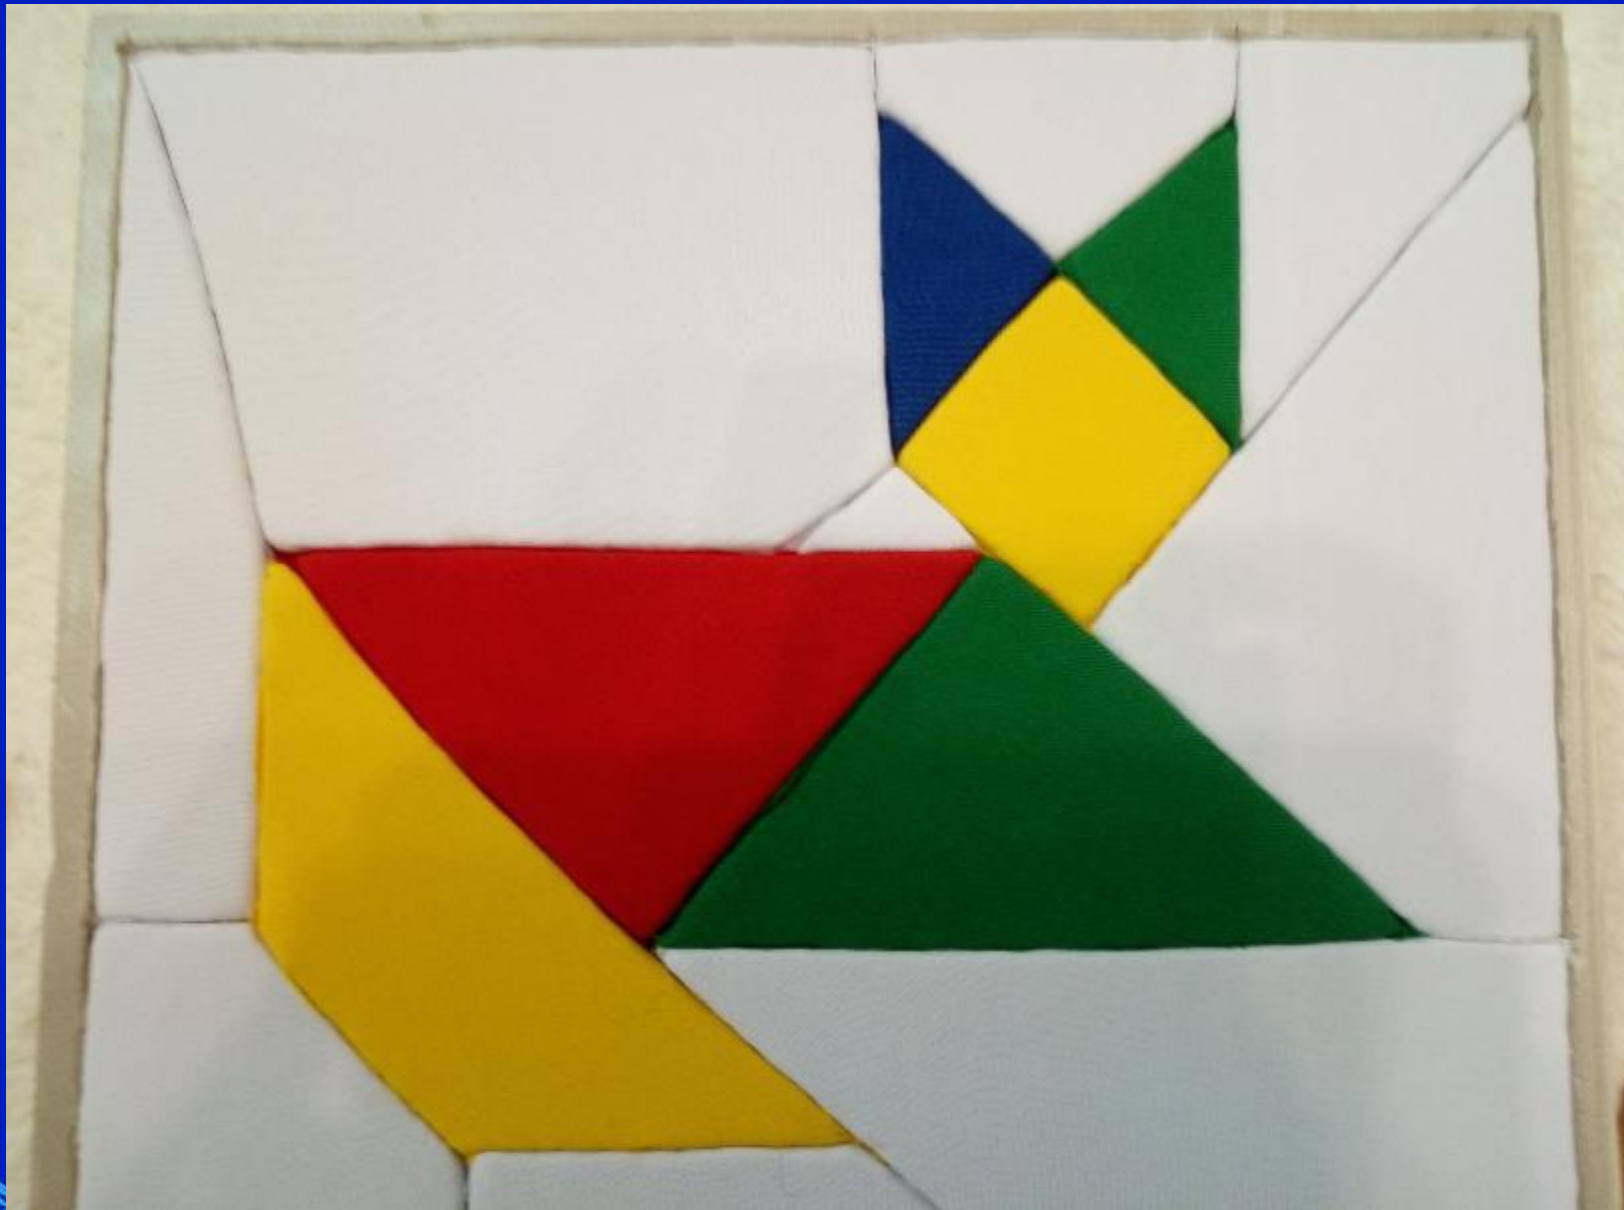

Спасибо за внимание!
