

***My favorite subject**

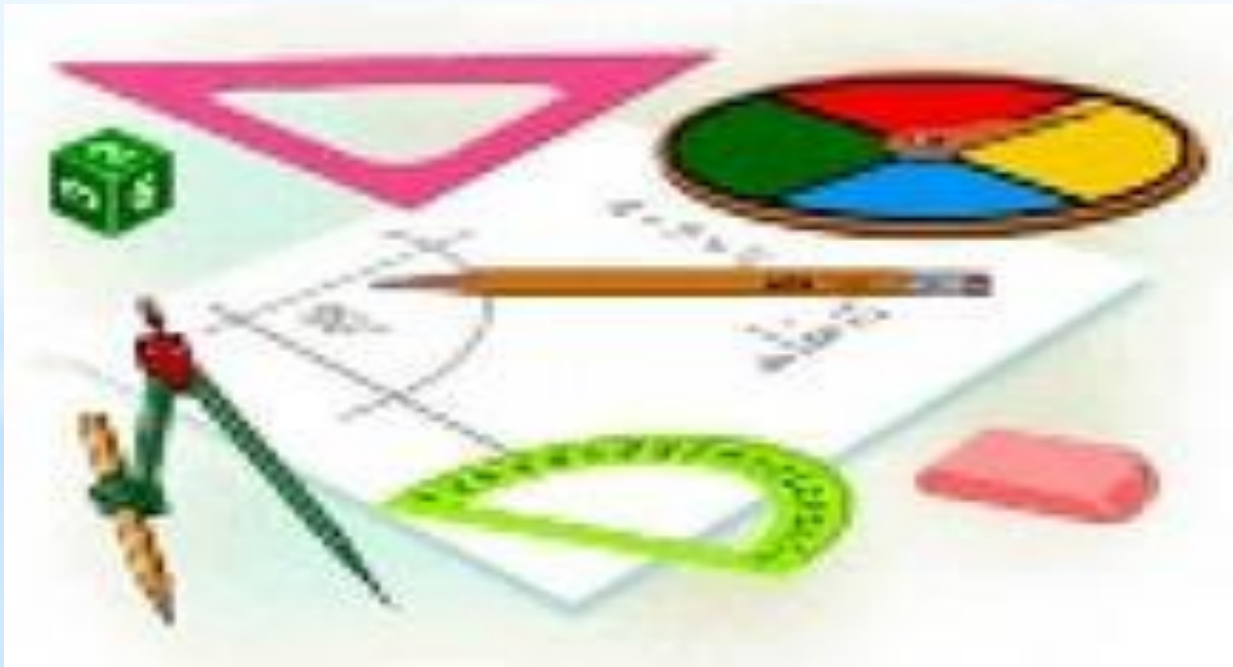

Lena Ovcharenko

* . Hi. My name is
Lena . I'm 16 . I
go to school

* I'm in the 11th grade. I have many different subjects: Russian, English, history, physical education, biology and others

*My favorite lesson is a mathematics lesson. This lesson teaches us to learn a new number of tasks. Mathematics is one of the most important things in our lives.

*In the future there will be many cases where you will need skills maths. My mother says that you need to know Maths to become something in life

*Thank you for your
attention!
