LOS ANGELES

FAMOUS SIGHTS

A vibrant night scene of a castle illuminated with purple and blue lights, surrounded by a spectacular display of colorful fireworks and light trails. The castle is the central focus, with its spires and towers glowing. The fireworks are a mix of red, orange, yellow, and green, creating a dense canopy of light above the castle. The light trails are long, thin lines of white and yellow, radiating outwards from the castle. The overall atmosphere is magical and celebratory.
