

Our after-school activity

I'd like to say a few
words about our
school activity in our
10-B Form.

Наші екскурсії

Our form 10-B
united and
friendly: we go
on excursions
and to the
museums and
cinemas.

Our extra-curricular
work is varied and
interesting:

Our after-school activity includes: The Day of Europe where we represented the country Holland the Netherlands.

We celebrated the Ukrainian holiday – the Day of unification of our country where we represented – the Crimea.

All the students of our form took part in these celebrations: they cooked tasty and delicious dishes, they formed and gathered all the material about the Crimea.

And then we sold all these tasty things to our teachers, pupils, parents. We earned 270hrv. at this fair.

We took part in different contests:
“Star + Star” where our Dubovsky Dmitry
and our class mistress sang a song
“When you tell me that you love me”.

Our class (form) has a lot of talents. We acted in the play "За двумя зайцами" and took part in the contest "our school has talents" where we started the play, sang the songs, and recited our own verses. They are Горова Влада, Кулик Євген, Семенова Анастасія, Локоткова Каріна, was the best drummer at this contest.

St. Valentine's Day!

We were active in our English week. We organized a concert devoted to love and St. Valentine's Day. The students of our form were the hosts at this holiday. We sang songs (Горова Влада, Дубовський Дмитро), and recited poems.

I must admit
I am very
proud that I
am a student
of the 10-B
Form.
