

Our company

«Roshen»

- I'd like to say a few words about our company

Under its own "sweet quality mark» ROSHEN produces about 200 products of impeccable quality

The Corporation ROSHEN includes 4 factories and Ukrainian (Kiev, Vinnitsa, Mariupol, Kremenchug), two production sites Lipetsk confectionery factory (Russia), Klaipeda confectionery factory (Lithuania), and Dairy Plant "Bershadmoloko" and "Litynskiyplemzavod" that provide high-quality natural plant corporation dairy commodities.

We always investigate different Business Proposal .

Our managers always use 5 basic functions in their work planning ,organizing ,staffing ,directing ,controlling .I think the manager must have motivation to work and punctuality he can cope under pressure

To improve the storage of raw materials and finished products, to optimize the delivery of products and minimize delays of products in stock - Corporation has commissioned its own logistics center.

All confectionery corporation ROSHEN provided with equipment to monitor quality control and the corresponding research. Technology development and launch of high-quality confectionery by specialists who have been vetted and trained in specialized international centers

During the first half of 2013 the company will monitor the sales performance of new products, the level of profitability, to determine what is necessary to make the correction in the range and may even take some new products in production. At the same strategy will be developed to promote them.

Welcome to our company
