VINCENT VAN GOGH

I chose this picture, because I think it`s a piece of art. I watch the serial «Doctor Who» and in one of the series was about him.

He was born on the 30th of March in 1853. This picture he painted in 1889.

«*The Starry Night*» is an oil on canvas by the painter Vincent Van Gogh

«The Starry Night»

**It has been in the permanent collection
Of the Museum of Modern Art in New
York since 1941**

**«The Starry Night» wasn't the first try
To depict a night sky. And he went out
home**

**at night and start draw a night sky.
It was painted between 16 and 18 June
1889.**

**Van Gogh is a remarkable artist for
me.**

His paintings are masterpieces.
