Poltava

- Arriving to Poltava, foremost tourists want to be missed from the Cabinet-type park on to examine the White arbour born-again Saint-assumption cathedral blown upon by legends Ivanov of mountains, taken picture near a monument to the Poltava dumpling. To the area necessarily missed by avenues, enjoying clean, making drunk air Peter and Sunny the parks located on both parties.

Our excursion begins with the ancient Cathedral area – heart of the Poltava fortress which was a threatening citadel on the riverside Vorskla.

The main decoration of the Cathedral area and all city – it, undoubtedly, the White harbour. It was built in 1909.

On the Cathedral area a famous monument is located already to the Poltava dumpling.

And quite recently a new sparkle – excursion bus-restaurant which Poltava loving «galushkobus» name appeared in town. In him it is possible to sweep on a city, listening an enthralling excursion, and the most important, – to taste the real Poltava dumplings!

At back of tiny public garden on crossing of streets the Spasskiy temple comes into a notice.

But all the same the brightest band in Poltava is
consider the Round area.
