

Урок математики в 4-м классе по теме "Виды треугольников"

**Выполнила: Устинова Людмила
Тихоновна, учитель начальных классов МБОУ
«Депутатская СОШ с УИОП»**

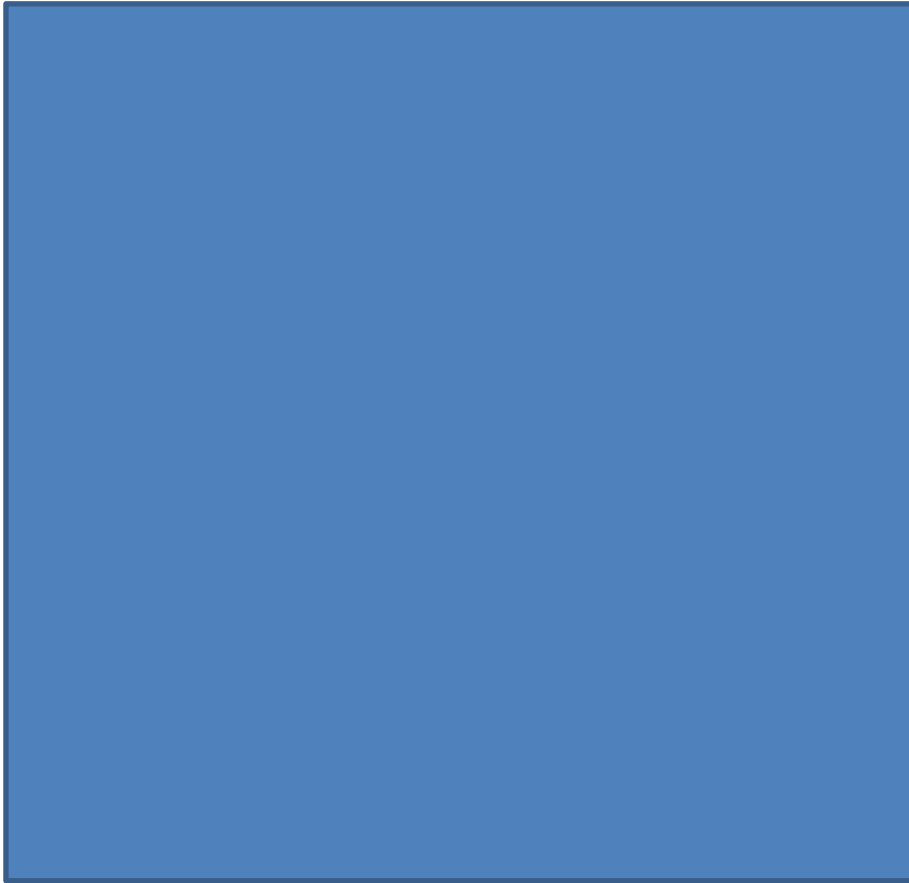

Древнегреческий ученый - Евклид

- $S = a * b$
- $P = (a+b) * 2$
- $S = a * a$
- $P = a * 4$

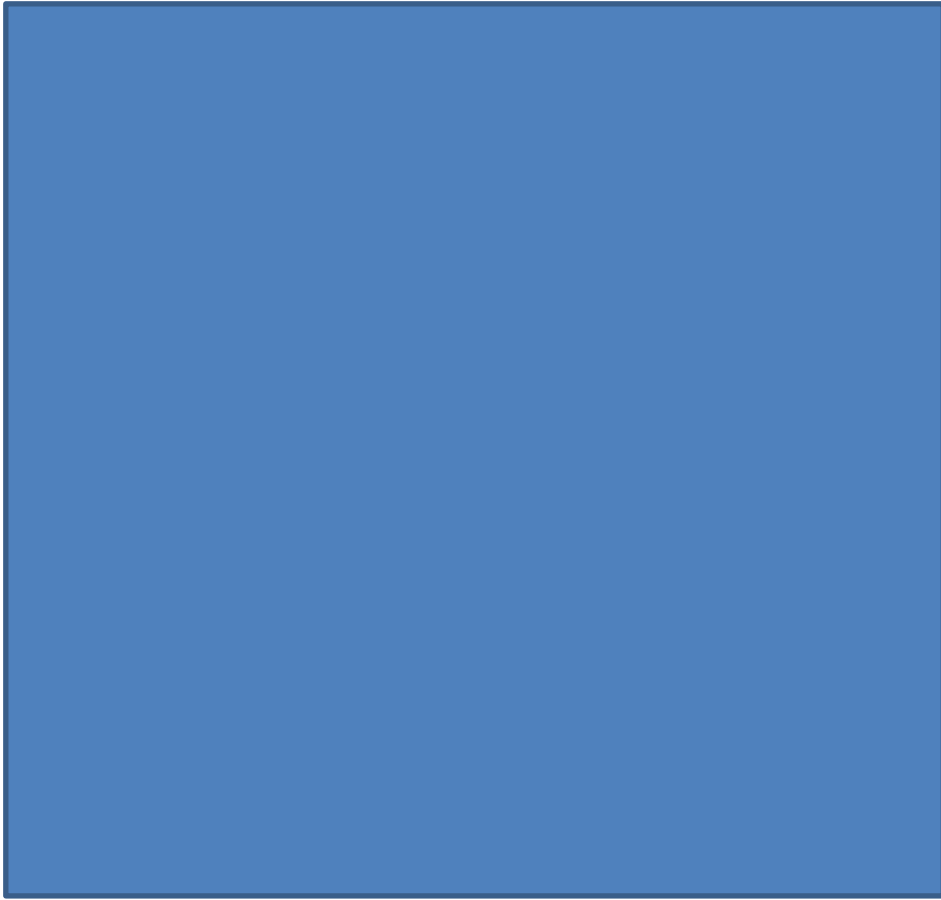

- Площадь прямоугольника
- Периметр прямоугольника
- Площадь квадрата
- Периметр квадрата
