

RENEWABLE AND NON-RENEWABLE ENERGY

2 group:

K. Madi, A. Aliya, K. Guluzim, A. Adil

- 
- First student - Aliya: introduction and problems
 - Second student – Madi: Perspectives and problem solving
 - Third student – Guluzim: Cons production energy in Kazakhstan
 - Fourth student – Adil: Wind energy, wind turbines
 - Fifth student – Madi: Completion

Non-renewable
energy

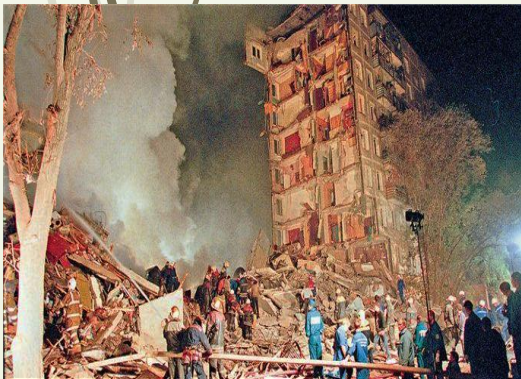

Oil

Gas

Coal

Negatives non-renewable energy

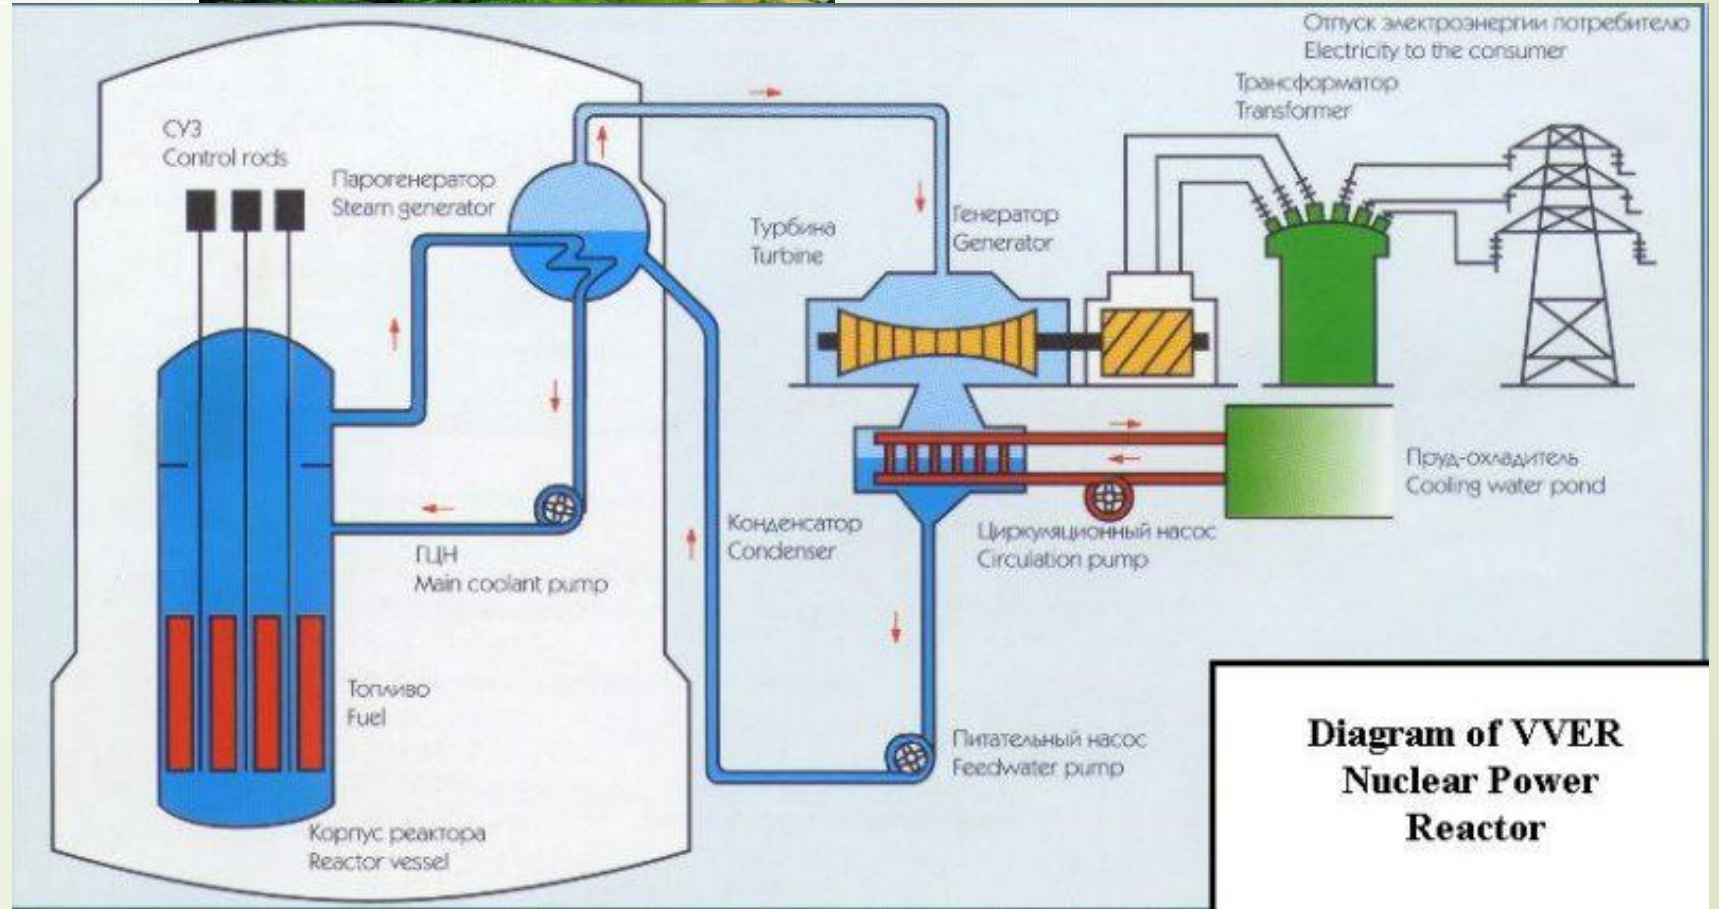

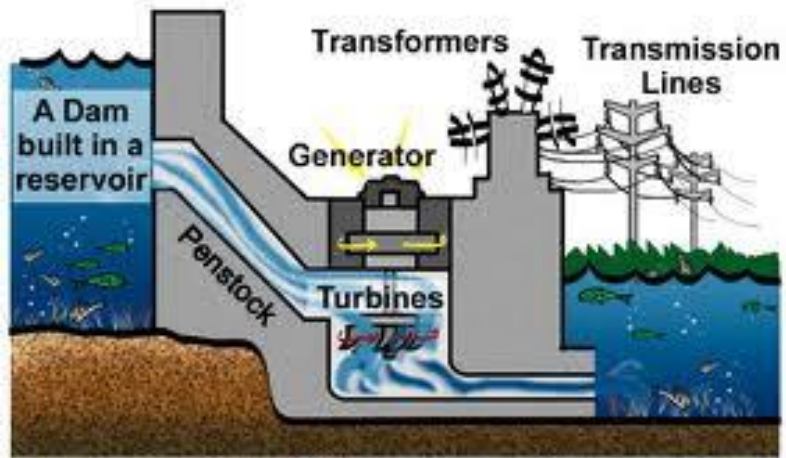

- **They allocate CO2**
- **They explode**

RENEWABLE ENERGY

- Wind energy
- Solar energy
- Nuclear energy
