Who is he?

- Sherlock Holmes - a literary character created by Arthur Conan Doyle. His works have been devoted to the adventures of Sherlock Holmes, the famous London private detective, are considered classics of the detective genre. Holmes considered the prototype Dr. Joseph Bell, a colleague Conan Doyle, who worked at the Edinburgh Royal Hospital and was famous for the ability to detail and character to guess a person's past.

Sherlock Holmes

A total of Sherlock Holmes appears in 56 short stories and four novels by Arthur Conan Doyle. In most cases, the story is the name of a best friend and companion Holmes - **Doctor Watson**.

A little about Holmes.

- Holmes er en mangesidig personlighet. Med sin allsidige talenter viet han sitt liv til karrieren til en privat etterforsker. Etterforskningen som gir sine kunder at det er basert ikke så mye på brevet av loven, men på deres viktige prinsipper, reglene for ære. Holmes har tillatt mennesker, i hans syn, med rette begått forbrytelsen å unnslippe straffen. Holmes er ikke merkantilen, det først tok jobben. For sitt arbeid med avsløring av forbrytelser Sherlock Holmes tar en rettferdig godtgjørelse, men hvis det er en vanlig kunde er dårlig, kan ta ansvar symbolsk eller selv forlate den. Også klager Holmes ofte til Watson at kriminelle var, og disse forbrytelsene var igjen, og Holmes må sitte uten arbeid.

- Holmes - resident Victorian England, a Londoner, perfectly knowing their city. It can be considered a homebody, and he went outside the city (country) only in case of extreme necessity. Many things Holmes solves the comfort of a living room, Mrs. Hudson, calling them «works on one tube.

- Household Holmes has a stable habit. It is unpretentious and almost indifferent to amenities, completely indifferent to luxury. It is not diffused, but it is somewhat indifferent to the order in the room and accuracy in dealing with things. For example, conducts risky chemical experiments in his apartment, often filling it with asphyxiating or fetid vapors, or trained in shooting, embosses a monogram Queen Victoria on the wall of the room.

- Holmes is a confirmed bachelor, never, he said, had not experienced no romantic feelings. Repeatedly declares that doesn't like women, although invariably polite with them and ready to help. Only once in a lifetime Holmes, one can say, that I was in love, but I have like a lot of respect for some of Irene Adler, the heroine of the story «a Scandal in Bohemia».

The deductive method

- In the stories of sir Arthur Conan Doyle method of Sherlock Holmes is called deduction. Deduction is the movement from the General to the particular". But there is an opinion that the famous detective used does not deduction and induction , which is the movement from the particular to the General." So what used Sherlock? This is a controversial issue.

Films about Sherlock Holmes.

- Of course, the most famous Sherlock Holmes - Vasily Livanov. Vasily Livanov excellently conveyed the image of the famous detective. Dr. Watson played Vitaly Solomin.
- These two remarkable actors is a monument in London. Apparently even overseas thought that our "Russian" Sherlock Holmes is the best.
