

## **SLOW CITY**

Slow cities are characterized by a way of life that supports people to live slow

Slow cities have less traffic, less noise, fewer crowds

is a place with lots of trees, gardens, parks, with clean fresh air

It is a city slow movement, with environmentall y friendly cars, bikes

 is a city where there will always be work and good salary, which means good Jing without unnecessary stress city with quality natural products, good nutrition and good health of people

## SLOW is a revolution, an alternative to our obsession with speed.

You see more when you take things a little slower, like you notice every little detail when a film is shown in slow motion.

design, object, space or image

that encourages a promotion of local artisans, local designers, local flavours.

It's an endless idea you can make your own in any way you want to.

Slow works to counteract fast life and the disappearance of local traditions.

In a loud, crowded, crazy world, it's good for the soul to live life better by living slower.

I hope that soon there will be more such cities, where the soul could live in harmony with the body! life without stress, depression and diseases! Such cities where people could enjoy thair lifa
