The Church Of St. Nicholas (1894) - the Russian  
Orthodox Church. The Russian Church is called by  
tradition. Among parishioners Russian no, the  
service is in English.

Also in the vicinity of Juneau has many beautiful  
glaciers, mountains and gorges, attracting each  
year, thousands of hikers.

- Train "Hurricane Turn" runs in Alaska between the village Talkeetna and place Hurricane Gulch. Route length is slightly less than 93 km, and at this distance there is no intermediate stations. But at any point in the path of those who wish to catch the train can stop it by filing a signal by waving a white cloth.
- On the morning of 1 April 1974 the residents of Sitka, Alaska noticed black smoke rising above the volcano Edgecombe, is visible from the shore of the island cruise. To assess the seriousness of the situation, the intelligence was sent to the coast guard helicopter. As the pilot approached the crater, he saw a pile of burning rubber tires, and next trampled snow inscription: "From April 1!". The raffle was organized by a group of local pranksters led by Oliver Bikram and was recognized by the press as one of the best in history.
