I want to tell you about Xcorporation. This company specialized in transporting, supplying spare parts and automobiles. Xcorp. Has many offices in different countries but the main office situated in Belgium. It is E.P.D.C. (European Part Delivery Center). The main factory of Xcorp. Situated in Belgium too. Xcorp. Has a partner company Ycorp. Ycorp. Engage in uploading and offloading cargo and lifting equipment.

Now I represent you how Xcorp. Supplies products to Russia. Ready-for-sale products Xcorp. Shipping by sea to Saint-Petersburg then carry by special trucks to Moscow office. But besides that they often do this by trucks only, using alternative way. (from Belgium to Moscow) And this ways are usefull only for automobiles. So spare parts Xcorp. Transfer by train to 3PL-provider in Moscow. When it is needed Xcorp. Request 3PL-provider for preparing products for client (end-user).
