

The legend of music-“Queen”

The classic of pop-rock

Popular British rock group that has achieved the widest popularity in the middle 1970's. One of the most successful groups in the history of rock - music.

The beginning.

*Tim
Staffel*

This group was formed in 1970 and it's first name was "1984" (it called on the novel of George Orwell) originally consisted of two people: Brian May (guitar) and Tim Staffel (vocal singer). Then they invited to their group Roger Teylor (a drummer).

Together they were able to reach an agreement with the organizers of the concert of Pink Floyd and act on their repetition. The first step to a career in music was made, but then suddenly Tim Staffel decided to leave the group

His place was taken by Freddy Mercury, who had often attended repetitions of group.

The band needed in bass guitar player. In 1971 Richard Dixon came to the group and was playing for 20 years in it.
