

The seasons and the weather

*There are four seasons in the year:

1. Summer

2. Autumn

3. Winter

4. Spring

Summer is a beautiful
time of the year

Summer months are June, July and August.

The weather is hot

We can swim

Climb to the mountains

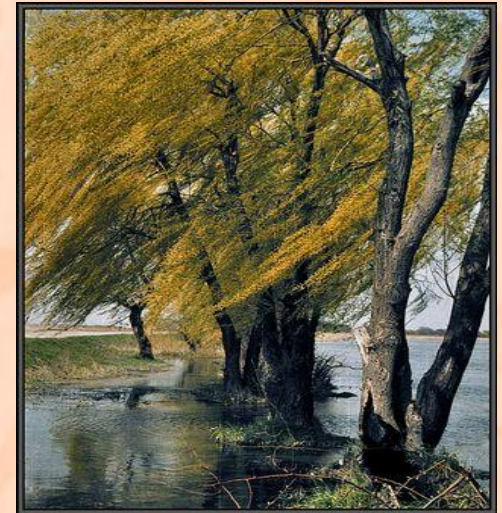

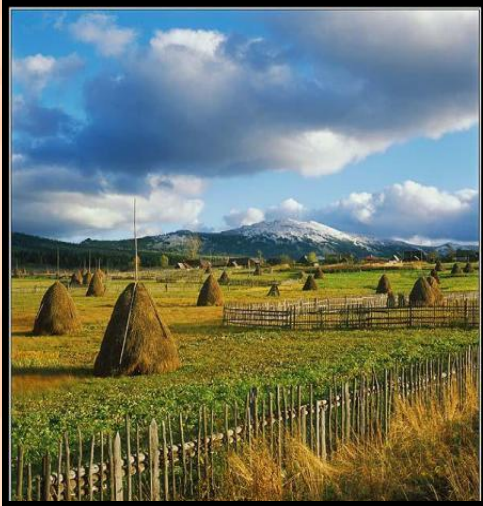

Sometimes the weather is rainy

Bright autumn season! Autumn a lot of yellow, red, purple and orange leaves!

Autumn months are September,
October and November.

The sky is grey and cloudy.

The sun is not bright.

Trees are brown, red, yellow.

The weather is dull, nasty, rainy, windy.

Days get shorter, nights get longer.

Winter is my favorite time of year!
In winter a lot of white paint!

Winter months are December, January and February.

All is covered with snow.

Rivers and lakes are covered with ice.

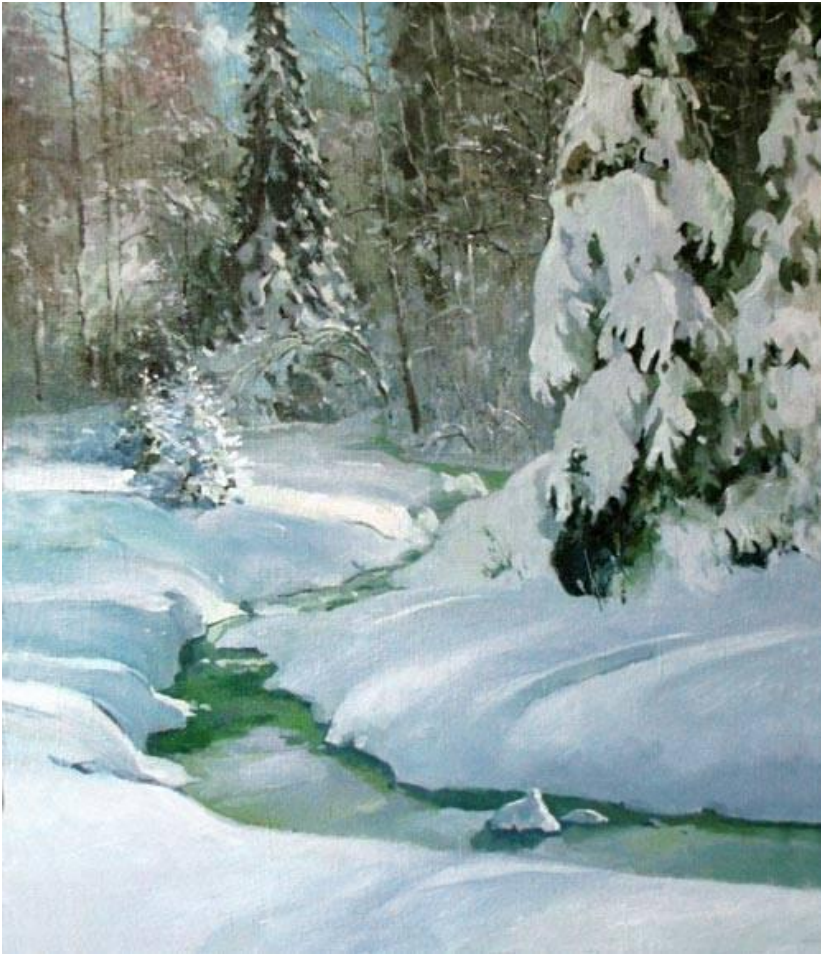

Winter is a good time for sports.

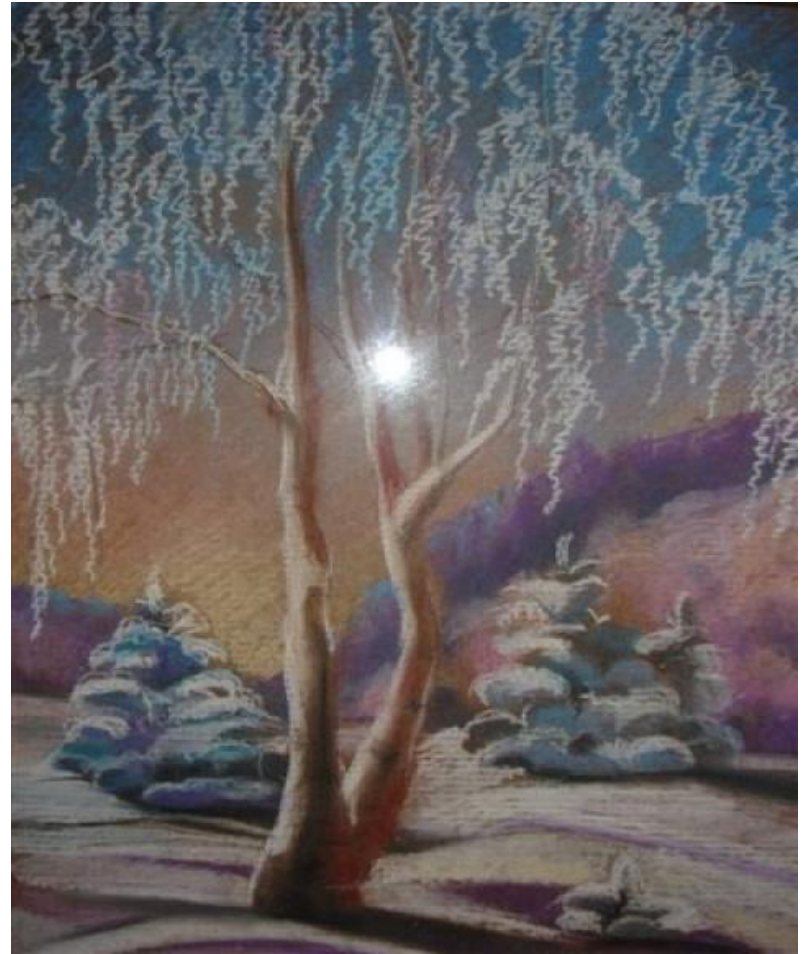

Animals and plants sleep.

Days are short.

Nights are long.

SPRING. Spring grow snowdrops and other plants!

Spring months are March, April, May.

Nature is awaking

Snow is melting, streams are flowing

The sky is blue, the sun is bright.

Birds are returning

Days get longer, nights get shorter.
