- ◎ But remember not to overload your slides with content

You audience will listen to you or read the content, but won't do both.

# Big concept

Bring the attention of your audience over a key concept using icons or illustrations

You can also split your content

### **White**

Is the color of milk and fresh snow, the color produced by the combination of all the colors of the visible spectrum.

### **Black**

Is the color of coal, ebony, and of outer space. It is the darkest color, the result of the absence of or complete absorption of light.

In two or three columns

**Yellow**

Is the color of gold, butter and ripe lemons. In the spectrum of visible light, yellow is found between green and orange.

**Blue**

Is the colour of the clear sky and the deep sea. It is located between violet and green on the optical spectrum.

**Red**

Is the color of blood, and because of this it has historically been associated with sacrifice, danger and courage.
