Times Square

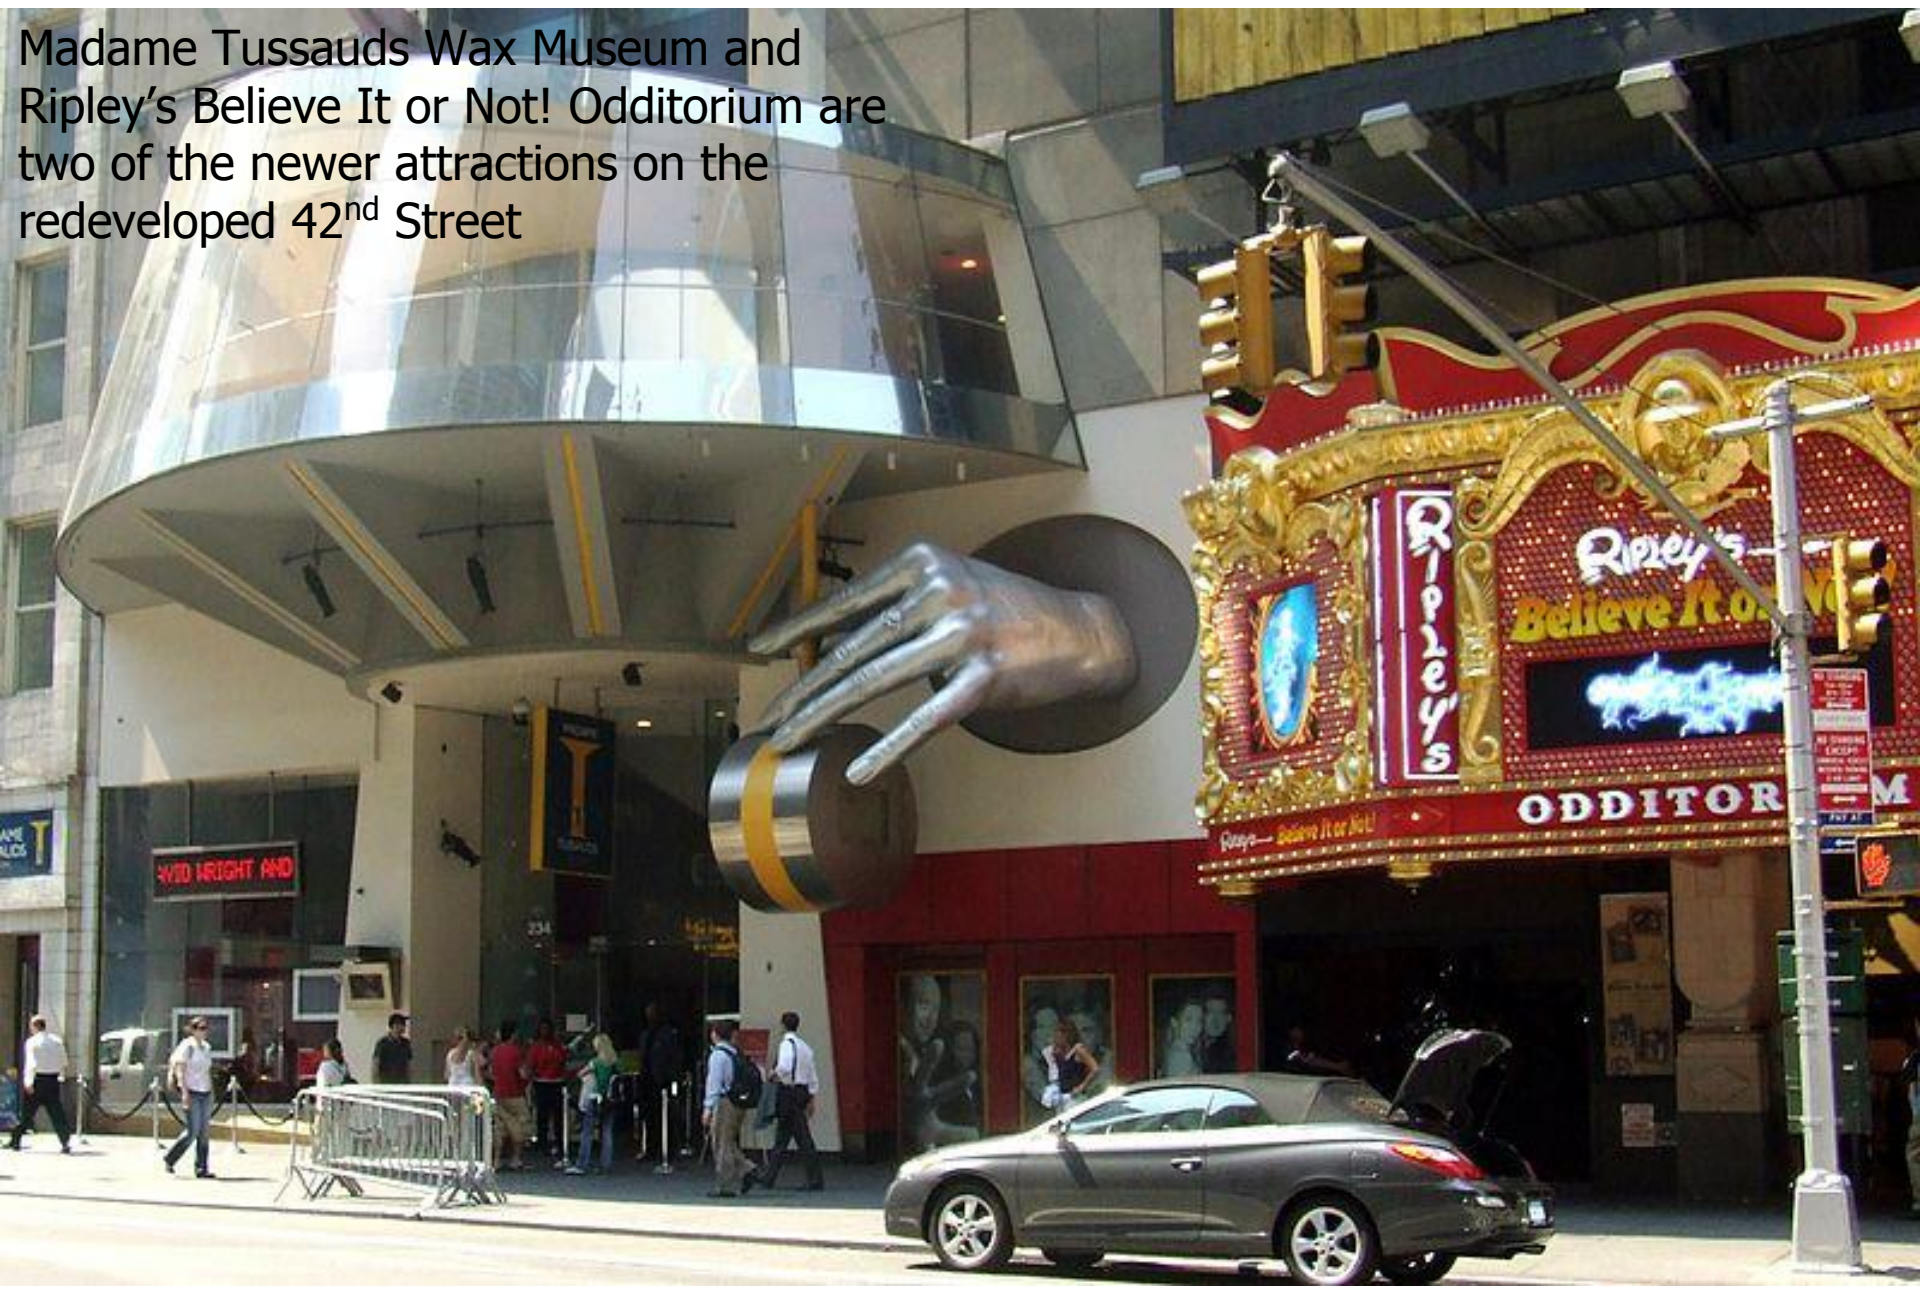

Times Square is at the junction of Broadway and Seventh Avenue. Times Square consists of the blocks between Sixth and Eighth Avenues from east to west, and West 40th and West 53rd Streets from south to north, making up the western part of the commercial area of Midtown Manhattan. Smaller than Red Square in Moscow or Trafalgar Square in London, Times Square has nonetheless achieved the status of an iconic world landmark and has become a symbol of its home city. Times Square is principally defined by its animated, digital advertisements.
