# Introduction

**Aim:** to find out what my classmates do in their free time and how this affects their school performance.

**Object:** students of the 3rd Form

**Subject:** activities of the students in their free time

# Introduction

**Problem:** why our parents and teachers want us not to be passive in our free time?

**The hypothesis:** what kind of activities can affect school performance?

A lot of parents and teachers think that if a person tries himself in various fields such as sport, music, learning foreign languages, he will be successful.

That's why the research can be really **actual**.

# A range of activities
