for

YOU WILL NEED: print of flower and leaf, scissors, hot glue gun

trim petals and leaf for gardenia flower

with edge of scissors curl each petal both directions vertically and horizontally

form a cone shape with petal 1, overlapping petals in a spiral. spin in fingers to tighten

<http://marrietta.ru/>

to make your flower attachable, glue mini clothes pin, hair clip or floral magnet to back

for stemmed gardenia, cut a small round green paper and slit to center.

curl end of floral wire and slide paper onto wire

glue paper disk onto back of gardenia

starting at base of flower, wrap floral tape down wire. gently pull as you wrap to activate tack
