TUNNEL OF LOVE IN KLEVAN, UKRAINE IS WHAT HAPPENS WHEN MAN'S CREATIVITY MEETS MOTHER NATURE. WHEN DENSE FOREST COVER GREW INTO A RAILWAY TRACK TUNNEL, THE LOCAL AUTHORITIES TRIMMED THE PASSAGE LEAVING THE BEAUTIFUL GREEN ALL AROUND IT. THE RESULT IT.THE ROMANTIC LUSH GREEN WALKWAY YOU SEE BELOW.

ONCE THE RAILWAY TRACK WAS CLEARED JUST ENOUGH
SO THAT THE TRAINS PASS THROUGH, THE VEGETATION
STARTED GROWING AROUND IT.

Since this tunnel in Klevan, Ukraine was the first to be discovered on photo, it got the name “Tunnel of Love”. Other places in the world where you can see similar tunnels people say are in Poland and Portland, Oregon (USA). -Having gained in popularity, the Tunnel of Love now has a myth/belief/folklore (call it what you may) that goes along with it that “If you truly love someone and make a wish for them, it comes true”. Now that’s sweet!
