

Unusual houses around the world

Giant Seashell House, Mexico

- ◉ Inspired by the work of Gaudi and Frank Lloyd Wright, a young family with two kids in Mexico City had a seashell-shaped house built for them.
- ◉ Designed by: Arquitectura Organica

World's Slimmest House, Poland

- The Keret House, inserted between two existing buildings, measures only from 92 to 152 centimeters in width!
- Designed by: Jakub Szczęsny

Skateboard House, USA

- The Skateboard House is the project of a private residence, to be built in Malibu, California. In this house you will be able to skate any areas and surfaces, Indoor and Outdoor. Designed by: Pierre Andre Senizergues

Old Water Tower Turned Into Modern Home, Belgium

The Happy Rizzi House in Braunschweig, Germany by designer James Rizzi.

Pretty pink – The dream house

- If you have that wonder barbie of a baby in your house or that sweetest thing with a small pigtail for a baby girl, try and fit her right into this pink dream house. In the pink of perfection, as Oliver Goldsmith might put it, this house is located in **Florida**.
