Education in figures

- 40,000 undergraduate and postgraduate students ≈ 23,000 full-time students
- 70 programmes for beginners and 60 master programmes
- Over 2,000 single-subject courses
- 5,000 undergraduate and postgraduate degrees every year

Research in figures

- 2,400 doctoral students – 49% women
- 300 doctorates every year
- 4,500 academic publications per year
- 600 professors – 24% women

Strong Research Areas

Science and Technology

- Energy Supply and Renewable Energy
- Functional Materials
- Sustainable Development
- Information and Communication Technologies
- Life Sciences

UPPSALA
UNIVERSITET

International Master Programmes at the Faculty of Science and Technology

Applied Biotechnology
Bioinformatics
Biology
