

Wall Street

- Wall Street (Wall Street) - is one of the leading financial centers of the world, where daily turnover of trading in financial instruments reaches millions of dollars.

What is Wall Street?!

- The name of Wall Street, comes from the wall which was located in the northern part of New York.
- The fence served as a defense against the English colonists and Native American residents. In 1685, local residents have paved the way along the wall - the future of Wall Street. Later, the street has become a stock market.
